2. The income of the year amounted to Rs. 2,23,380 as against Rs. 1,90,977 and the expenditure to Rs. 1,77,777 against Rs. 2,25,413 in the previous year, leaving a surplus of Rs. 45,603 as compared with a deficit of Rs. 34,436 in 1904-05. These figures exclude the advance of Rs. 34,436 made in 1904-05 from the Bridge Reserve Fund to Revenue Account to meet the deficit which occurred in that year and which has been repaid in 1905-06. During the year under review there is a decrease of Rs. 4,595 in the outlay under Stores which is accounted for by the fact that in 1904-05, the ferry steamers were new and many articles of a miscellaneous character had to be issued in order to complete their equipment. The decrease in expenditure on repairs is owing partly to the fact that a large sum had to be spent in 1904-05 in repairing the ferry steamers which met with accidents. The outlay in 1904-05 had also been unduly inflated by payments for work done in 1903-04.

3. The bridge was opened for the passage of vessels on 155 occasions during the year under review, of which 103 were on the ordinary fixed days of the week (Tuesdays and Fridays), and 52 were on Sundays, on special application. The number of vessels which passed through the bridge was the highest on record, the increase being in inland vessels, flats and tugs. The following statement shows the numbers that have passed through since 1895-96:—

	1905-1906.	1904-1905.	1903-1904.	1902-1903.	1901-1902.	1900-1901.	1899-1900.	1898-1899.	1897-1898.	1896-1897.	1895-1896.

4. One sea-going vessel collided with the bridge during the year under review and the total number of accidents in the year was 28 as compared with 34, 67, 59, 135 and 233 in the preceding five years. The accidents to cargo and passenger boats were 21 as against 31 in 1904-05. In one accident the steam launch "Noor" was lost and one of her crew drowned and in other accidents seven boats were lost.

By order of the Lieutenant-Governor of Bengal,

Secretary.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN BENGAL (EXCEPT CALCUTTA) DURING THE YEAR 1905-06

MUNICIPAL DEPARTMENT—MUNICIPAL.

Calcutta, the 28th December 1906.

RESOLUTION—No. 2469M.

READ—

The Reports from the Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1905-06.

READ again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1904-05.

One new Municipality was created during the year 1905-06, viz., at Katihar, in the district of Purnea. The Sambalpur Municipality was transferred to Bengal from the Central Provinces, while 35 Municipalities were transferred to the jurisdiction of the new Province of Eastern Bengal and Assam. The present Resolution therefore deals with the statistics of 128 Municipalities, and compares them with the statistics of 126 Municipalities of the previous year.

2. *Collections.*—The high standard of collections noticed in the last Resolution was maintained during the year under review. Although, owing to the steady reduction of realisable arrears, the percentage of total collections on current demand fell from 97·4 to 96·4, the percentage of current collections on current demand rose from 93·0 to 93·7, the lowest percentage, viz., 92·5, being attained in the Patna Division. The percentage of total remissions on current demand fell in the aggregate from 4·6 to 4·2, the highest figure being returned from the Bhagalpur Division where it rose from 3·6 in 1904-05 to 7·3. The increase in that Division is mainly due to the large remissions allowed at Monghyr and Bhagalpur, owing it is said to the prevalence of plague in those places. In the Burdwan Division the remissions fell from 8·5 per cent. to 5·7 per cent. With an increase of Rs. 1,17,840 in the current demand, and a falling off in the total remissions, the total outstanding balance at the close of the year for all the municipalities was reduced from Rs. 1,98,929 in 1904-1905 to Rs. 1,78,944. Thirteen Municipalities collected cent. per cent. on the current demand or more, whilst in 19 there was either no outstanding balance or a balance of less than Rs. 10 only. Both these results were obtained in the Municipalities of North Dum-Dum and Garulia. The Daudnagar Municipality realised 112·2 per cent. of its current demand, and with a remission of ·1 per cent. on the demand had an outstanding balance of only Rs. 12.

3. *Number of Rate-payers.*—The total number of rate-payers was 407,961, and the percentage to population 17·3 against 17·2 in 1904-1905. As in the previous year, the percentage was highest at Katwa (30·8) and lowest (7·3) in the Municipality of Titagarh where there is a large migratory population of mill-hands.

4. *Results of Elections held during the year.*—General elections were held during the year in 40 Municipalities. In one of the wards of the Sasaram Municipality, where the elections were contested, all the persons qualified to vote were present at the poll and recorded their votes. In the other contested elections the attendance of voters ranged between 83·7 per cent. in a ward of the Vishnupur Municipality and 1·2 in one of the wards of the Jagadispur Municipality. The elections failed in certain wards of four Municipalities only—Arrah, Hajipur, Cuttack and Hazaribagh.

5. *Constitution of Committees and attendance at Meetings.*—The total number of Commissioners was 1,745 against 1,718 in the previous year, the increase being due to the creation of the Katihar Municipality and to the transfer to Bengal of the Sambalpur Municipality. The number of meetings held

was 2,138, of which 177 were adjourned; against 2,189 meetings held in 1904-05, of which 153 were adjourned. The Cossipore-Chitpur and Kalna Municipalities held the largest number of meetings (49). Thirteen Municipalities failed to hold one meeting a month, and at Jamalpur and Chaibassa only 7 meetings were held. The average attendance at meetings was practically the same as in the previous year, though the number of Municipalities in which it amounted to one-half rose from 89 to 93. The average attendance was highest in the new Municipality of Katihar (81·8), and exceeded three-fourths of the number of Commissioners at Asansol and Bihar. The lowest figure is returned from Giridih where the average attendance was only 27·0 per cent.

6. *Assessment and Taxation.*—The rate on holdings was levied in the new Municipality of Katihar from the beginning of the current year. This method of taxation was substituted for the alternative tax on persons in the Municipalities of Purulia, Cuttack, Garulia, Bhatpara and Kotrang, and is now in force in 49 Municipalities and in certain wards of the Bhadreswar, South Dum-Dum, Deoghur, Bettiah and Darbhanga Municipalities, the tax on persons being levied elsewhere. There are now therefore only six Municipalities with a population exceeding 20,000, viz., Bankura, Berhampore, Bihar, Arrah, Sasaram and Balasore, in which the tax on persons continues to be levied. During the year an effort was made to introduce the rate on holdings in all the wards of the Darbhanga Municipality, but it is reported that the experimental valuation which was made showed that its general introduction would entail a loss of income. The Commissioner of the Division is not, however, convinced that the system of taxing persons, which is liable to error, as opposed to the tax on actual visible property, is suited to rising towns like Arrah and Darbhanga, and he has promised to examine the matter further. The change seems desirable at Arrah where both the water and the latrine rates are in force and are levied on the annual value of holdings. The latrine rate was levied in 88 towns, the water rate in 13, and the lighting rate in 2. The levy of a lighting rate which was sanctioned in the previous year could not be enforced during the year at Maniktala and Cossipore-Chitpur. In 16 towns the rate on holdings was levied at less than the maximum, but the gradual rise in the average incidence of taxation per head of population, which was noticed in the last Resolution, was maintained during the year, the figures showing an increase of ten pies. The highest incidence of taxation (Rs. 8-5-10) was attained in the hill municipality of Darjeeling. Among the Municipalities in the plains, Sambalpur returned the highest figure, viz., Rs. 3-12-7, and Ramjibanpur, in the district of Midnapore, the lowest, annas 4-3. In 20 other towns the incidence of taxation was less than eight annas per head.

7. *Revision of Assessment.*—General or partial revisions of assessment were made in several Municipalities during the year. The revision of assessments at Howrah resulted in a total increase of Rs. 20,171 in the demand for the house, lighting, latrine and water rates. The assessments were revised by paid assessors in several Municipalities, and the results were on the whole fairly satisfactory; but in Baduria the good result achieved by the assessor was, it is reported, rendered futile by the interference of the appellate committee, by whom the increase of 21·4 per cent. was reduced to 8·1 per cent. A considerable increase of income was obtained in the following towns:—

Name of Municipality.	Amount of increase.
	Rs.
Maniktala	11,635
Monghyr	9,739
Bhatpara	8,564
Cossipore-Chitpur	4,570
Purulia	4,509
Naihati	3,502
Patna	3,137

8. *Fresh imposts levied during the year.*—The tax on carriages and on animals was introduced at Kotrang, Santipur and Ranaghat; and the market regulations under Part X of the Municipal Act were enforced in the Municipalities of Vishnupur and Baraset; and in Ward IV of the Halishahar Municipality. License fees were for the first time levied on the storage of kerosine oil and on tanneries in Bankura, on dealers in kerosine oil at

Baruipur, and on meat shops at Titagarh. The provisions of Part IX of the Act were enforced at Azimganj and Sitamarhi, in the added area of the Garden Reach Municipality, and in certain selected parts of the Kishenganj, Motihari and Darbhanga Municipalities.

9. *Income and Expenditure.*—The total income of the Municipalities, including the opening balance, was Rs. 57,25,680, or an increase of Rs. 1,95,236 over that of the previous year. The total expenditure was Rs. 47,83,368 against Rs. 47,78,202 in 1904-1905.

10. *Closing balances of Municipalities.*—The aggregate closing balances rose from Rs. 7,52,242 in the preceding year to Rs. 9,41,312. The inclusion of unspent loans or grants from Government accounts for the comparatively large balances shown in some towns, as in Maniktala (Rs. 1,23,616), Bhagalpur (Rs. 68,749) and Titagarh (Rs. 35,269).

Most municipalities maintained a sufficient closing balance; but at Meherpur the closing balance is shown as only Rs. 196, at Debhatta only Rs. 33 were reserved to form the balance, and at Buxar only Rs. 19. The attention of the Divisional Commissioners is invited to these cases.

11. *Income (Rs. 49,67,128).*—The steady growth of Municipal income referred to in the last Resolution continued during the year. Excluding the income of the newly added municipality of Sambalpur (Rs. 60,702), there was an improvement of Rs. 1,31,153, accompanied by a large decrease of Rs. 1,61,965 under "Extraordinary and Debt." The net increase was thus Rs. 2,93,118, or 6 per cent., of which about a lakh accrued under Municipal rates and taxes. The general increase was shared by all the Divisions, but as might be expected it was largest in the Presidency Division where it amounted to Rs. 1,64,332.

12. *Octroi Tax (Rs. 47,417).*—This tax is levied only in the Sambalpur Municipality, which has been recently transferred to this Province. The gross income from this source shows an increase of Rs. 5,805, whilst the net income after the payment of refunds amounted to Rs. 27,901 against Rs. 25,659 in 1904-1905.

13. *Tax on Houses and Lands (Rs. 11,72,795).*—The revenue from this source increased by Rs. 63,768. The tax is not levied in Sambalpur, nor was it levied during the year at Katihar; and the increase is due mainly to the substitution of this form of taxation for the tax on persons in the five Municipalities mentioned in paragraph 6 above. The Municipalities in which the increase under this head was most marked as compared with the previous year were Cossipore-Chitpur (Rs. 3,416) and Maniktala (Rs. 4,787), these results being due to revision of assessment. On the other hand there was a falling off at Monghyr (Rs. 3,467) and Bhagalpur (Rs. 2,917), ascribed to the prevalence of plague. The increase at Sahebganj (Rs. 4,207) was due to the payment of arrears by the East Indian Railway Company, and similarly the apparent decline of Rs. 10,667 at Bally was due to the fact that in the previous year large arrears had been collected from the Company.

14. *Tax on Animals and Vehicles (Rs. 2,24,073).*—The receipts under this head rose by Rs. 2,475, the largest increase occurring in the Municipality of Kishanganj where it rose from Rs. 611 in 1904-1905 to Rs. 3,144. No explanation has been given of this remarkable increase, but the Commissioner considers that it is probably due to the appointment of a special staff for the realization of fees from outside carts and ponies habitually plying within Municipal limits. The Commissioner will be asked to satisfy himself that the tax is being properly administered in this Municipality without undue hardship to persons whose carts only occasionally visit the Municipality. There were also marked increases in the Municipalities of Cuttack (Rs. 1,480) and Barasat (Rs. 1,132), whilst there was a falling off (Rs. 1,107) at Darbhanga. Inspecting officers should continue to see that the law on the subject of the registration of carts is not oppressively exercised by Municipalities.

15. *Tax on Professions and Trades (Rs. 53,954).*—The income from this minor item of Municipal revenue declined by Rs. 1,020 as compared with the previous year. The tax was levied in all the Municipalities, except four, viz., Debhatta, Kurseong, Jhalda and Raghunathpur.

16. *Tolls on Roads and at Ferries (Rs. 93,428).*—Excluding the income from this head in the Sambalpur Municipality (Rs. 2,485), the revenue shows an aggregate decline of Rs. 4,056. Tolls on roads are levied only in the Municipality of Sambalpur. The decrease in the income from ferries occurred mostly in the Municipalities of Patna (Rs. 5,665), Muzaffarpur (Rs. 3,408) and Burdwan (Rs. 1,701). The decline at Patna was due to a concession having been granted to the Bengal and North-Western Railway Company to run a ferry service for the convenience of the passengers travelling by that line, whilst at Muzaffarpur heavy floods interfered with the traffic. The resettlement of ferries at lower rates accounts for the decline at Burdwan.

17. *Water-rate (Rs. 8,98,646).*—The total revenue shows an increase of Rs. 31,868. There were marked increases at Howrah (Rs. 2,576), Maniktala (Rs. 2,140) and Arrah (Rs. 4,011). Better collections at Howrah and a revision of assessment at Maniktala account for the improvements in those places. The increase at Arrah is not accounted for. A decrease of Rs. 1,756 at Bhagalpur was due to the prevalence of plague in that town.

18. *Lighting-rate (Rs. 94,244).*—This rate was levied only in two towns, viz., Howrah and Darjeeling, as in the previous year, and yielded an increase of Rs. 6,936, of which Rs. 6,084 occurred in Darjeeling. This was due to the extension of electric connections with private buildings.

19. *Conservancy, including Scavenging and Latrine-rate (Rs. 7,08,870).*—There was an improvement of revenue of Rs. 43,840, which was shared more or less by all the Divisions except Bhagalpur, the largest increase occurring in the Municipalities of Howrah (Rs. 12,268) and Cossipore-Chitpur (Rs. 7,453). The general increase is ascribed to the enforcement of the tax in new areas and on new and improved holdings, and also to better collections; but it is a matter for regret that no progress has been made by Municipalities in rendering their systems of sewage disposal remunerative, and that only in the Cossipore-Chitpur Municipality was any revenue derived from the trenching grounds.

20. *Tax on Persons according to their circumstances and property (Rs. 3,89,112).*—There was a decrease in the revenue of Rs. 43,137, due to the substitution in five Municipalities of the tax on holdings for this form of taxation. The total revenues under these two heads shows an improvement of Rs. 20,631 as compared with the previous year.

21. *Grants from Provincial and Local Funds, and contributions from Private Individuals (Rs. 4,21,090).*—The increase of Rs. 29,600 is accounted for by larger grants from Government for general purposes, and from local funds for medical purposes. The total contributions for general purposes amounted to Rs. 1,51,906, for education to Rs. 9,562, and for medical to Rs. 2,59,622.

22. *Gifts, etc., by Private Individuals.*—Many instances of private liberality are brought to notice in the reports of the Commissioners, which have already been acknowledged in a separate Resolution. The most prominent of the public benefactors during the year were Rai Sitab Chand Nahar Bahadur, who contributed Rs. 7,000 towards the cost of works for the protection of the town of Azimganj from the Bhagirathi river; Babu Lal Dhari Singh and his brother, zamindars of Dinapore, who contributed Rs. 5,000 for the construction of a building for the Dinapore Charitable Dispensary; and Mr. Solano of Arwal who contributed Rs. 4,500 for the construction of an infectious diseases ward in the Gaya Cholera Hospital.

23. *Expenditure.*—The aggregate expenditure of the Municipalities in Bengal amounted to Rs. 47,83,368, against Rs. 47,78,202 in 1904-05. The ordinary expenditure (*i.e.*, excluding repayment of loans, advances, deposits, etc.), which amounted to Rs. 39,48,665, shows a slight falling off.

24. *Office and Collection Establishment (Rs. 3,65,044).*—Excluding the Sambalpur Municipality, the aggregate expenditure on this account shows a small increase of Rs. 3,817, and as in the previous year represented about one-tenth of the total ordinary expenditure. The expenditure rose in the Orissa Division from 9·9 per cent. of the total expenditure to 11·2 per cent., and in the other Divisions the percentage was practically stationary. The highest percentage (24·9) was incurred in the small Municipality of Debhatta in the 24-Parganas, and the lowest 4·3 in the Sitamarhi Municipality.

25. *Prevention of Fire (Rs. 25,712).*—Of the total expenditure under this head, Rs. 24,500 is contributed by the four Municipalities of Howrah, Cossipore-

Chitpur, Maniktala and Garden Reach, this sum representing their contribution to the up-keep of the Metropolitan Fire-Brigade. The charges in the rest of the Province were trifling. Towards the close of the year, the Commissioners of the Darjeeling Municipality organized a fire-brigade at a cost of Rs. 21,444, one-half of which was paid by Government.

26. *Lighting (Rs. 2,46,145).*—The total expenditure shows a decrease of Rs. 41,836, which is accounted for by a reduction of Rs. 49,510 in the capital expenditure on the electric installation at Darjeeling. In the Howrah Municipality the expenditure rose by Rs. 5,702, owing to the payment of arrears due to the Gas Company. In the rest of the Province the charge was almost stationary.

27. *Water-supply (Rs. 2,48,049).*—The Sanitary Board have reported generally that the management of the Water-works in those Municipalities which maintain complete installations has been satisfactory. In Howrah, the high level of efficiency which has always been noticeable was maintained, the daily average quantity of filtered water delivered from the Water-works having increased from 1,724,000 gallons to 1,923,000 gallons. The number of house connections is now 3,796, and the total length of the distribution pipes has been increased by 2,459 feet. The management of the Burdwan Water-works was also efficient, and the Commissioner reports that the members of the Water-works Sub-Committee take great interest in the works. Out of a population of 38,000, only 18,000 are at present supplied with pipe-water, the daily consumption being 10·52 gallons per head. At Arrah, in spite of the difficulties arising from the recession of the river from the intake, a constant supply of water was maintained throughout the year. The management of the Water-works at Berhampore shows some improvement. The supply of water was well maintained, the average daily supply per head being a little under 8 gallons. The expenditure on account of maintenance and capital charges exceeded by Rs. 4,804 the revenue derived from the water-rate, although this is levied at the maximum rate, and the total deficit up to date is about Rs. 15,000. The assertion that the introduction of a filtered water-supply has produced no effect on the mortality of the town, is one that should be carefully examined by the Sanitary Commissioner. The difficulties attending the management of the Bhagalpur Water-works still exist. It has now been decided, after exhaustive enquiries by the Engineering and Sanitary advisers of Government, to replace the existing pumping plant by Diesel oil engines, and to carry out other improvements, which will it is hoped secure a constant and adequate supply of filtered water at all times of the year. Government has made a large grant towards the cost of these improvements. The hill towns of Darjeeling and Kurseong are fortunate in being able to secure supplies of comparatively pure water from springs in the locality. As however it is impossible efficiently to guard the catchment area from all chances of pollution, it is essential that the supply should be filtered, and it has now been decided that the existing settling tanks at Darjeeling should be converted into filters and that arrangements are to be made for the filtration of the water-supply at Kurseong. A small installation after the Faridpur pattern for the improvement of the water-supply has been completed at Khulna, and at Jessore and Gaya more ambitious projects are at present under consideration.

28. *Drainage (Rs. 1,60,065).*—There was a decrease of Rs. 10,851 in the expenditure, which is accounted for by a fall of Rs. 14,917 under capital expenditure. At Howrah, the execution of Block II of the Sibpur Drainage scheme was completed during the year, and the construction of drains for the Southern Foreshore area was commenced. A scheme for the surface drainage of the Northern Foreshore section, at an estimated cost of about 1¼ lakhs, is also under the consideration of the Commissioners. Towards the close of the year a scheme for the drainage of the Titagarh Municipality, at an estimated cost of Rs. 89,411, was sanctioned by Government. To meet the cost of this project, the Commissioners have taken a loan of Rs. 55,000, which will be supplemented by a contribution of Rs. 15,000 from the local mills, the balance of Rs. 10,000 being met by a grant from Government. A comprehensive scheme for the drainage of the Cossipore-Chitpur Municipality was submitted during the year, and is now being revised under

the instructions of Government. The question of the drainage of Puri has long been under the consideration of Government, and during the year a Committee was appointed, with the Commissioner of the Orissa Division as President, to consider the scheme prepared by the Sanitary Board for the improvement of the drainage of that town. The Committee submitted its report, in which the probable cost of the works to be taken up at once was estimated at Rs. 1,70,000. The scheme as modified by the Committee has received administrative approval, and Government has undertaken to assist the Municipality in carrying it out The detailed plans and estimates are now under preparation. The creation of the appointment of an Assistant Sanitary Engineer to supervise the preparation of schemes for drainage and water-supply has received the sanction of the Secretary of State, and it is hoped that Municipalities will derive much benefit from the advice and assistance of this officer. It is of the greatest importance that, before incurring expenditure on the preparation of such schemes, the Municipal authorities should consult the sanitary advisers of Government, as past experience has shown that great waste of time and money may occur in the preparation of unsuitable and ill-considered projects.

29. *Conservancy, including Road-cleaning and Road-watering and Latrines (Rs. 11,79,206).*—The expenditure on this important municipal service rose in all the Divisions. The increase was marked in the Burdwan, Presidency and Patna Divisions, where it amounted to Rs. 36,502, Rs. 14,797 and Rs. 11,921, respectively. The Municipality of Howrah spent Rs. 35.170 on the strengthening of the conservancy establishment and the purchase of carts and wheel-barrows. There has been no extension of the bacteriological method of night-soil disposal, and the only Municipalities in which septic tanks maintained by the Commissioners are at present in use are Howrah and Muzaffarpur. It is reported that the four biological filters established in the former Municipality for the disposal of liquid sewage continued to work satisfactorily. The important hill station of Darjeeling is one in which the advantages of a system of septic tanks for the disposal of sewage should be very great. Such a scheme has now been prepared by Captain Clemesha, late Officiating Sanitary Commissioner, and will it is anticipated be adopted by the Municipality. At Howrah, the work of opening out insanitary *bustees* was pushed on vigorously, and additional surveyors were employed to prepare the necessary plans. In his report for 1905, the Sanitary Commissioner writes that the conservancy arrangements in Municipalities are also gradually improving. Old insanitary latrines are being replaced by new ones of better type, in many places glazed stone-ware latrine seats are being brought into use, and almost all the Municipalities now use proper trenching grounds.

30. *Hospitals and Dispensaries (Rs. 4,24,962).*—The expenditure shows an increase of Rs. 70,081. Deducting the contributions from Government and other sources, and the interest on investments for Medical purposes, as also the income from "fees and revenue from Medical institutions," the total net expenditure on hospitals and dispensaries and plague charges amounted to Rs. 2,21,650, or about 4·2 per cent. of the total Municipal revenue of the year. According to the annual Dispensary Report for the calendar year 1905 the net grant from Municipal funds was Rs. 1,89,696. This amount evidently excludes the charges on account of plague incurred by the Municipalities.

31. *Vaccination (Rs. 19,198).*—The expenditure shows a slight increase. Deducting from the total number of births registered the number of children under one year who died during the year, the total number of children under one year available for vaccination was 46,094, of whom 43,292 or about 94 per cent. were successfully vaccinated.

32. *Markets and Slaughter-houses (Rs. 60,593).*—The expenditure rose by Rs. 20,428 as compared with the previous year. The increase occurred in the Patna (Rs. 14,821) and Orissa (Rs. 13,134) Divisions. The construction of new markets at Chapra and Sitamarhi accounts for the increase in the former Division; and in the latter the Puri Municipality acquired lands for a Municipal market and put up some *kutcha* shops. The plan for a new market in the Patna Municipality has been approved, and the work will be taken in hand

during the current year. The necessity for preventing the spread of disease through the public food-supply received continued attention during the year.

33. *Public Works (Rs. 6,39,318).*—The expenditure on public works shows a decrease of Rs. 2,09,185, which is more than accounted for by the contribution of 2½ lakhs of rupees made by the Howrah Municipality in 1904-1905 to the East Indian Railway Company for strengthening a bridge.

34. *Public Instruction (Rs. 1,31,907).*—The expenditure on education increased by Rs. 12,321. The total expenditure on primary education rose from Rs. 65,987 to Rs. 73,929, which represents 3·0 per cent. of the ordinary income of the Municipalities against 2·8 in the previous year. The percentage was highest in the Orissa Division (3·68) and lowest in the Burdwan Division (2·3) as in the previous year. The prescribed standard of 3·2 per cent. is fairly approximated in the aggregate, but it was largely exceeded in many of the small towns, rising as high as 48·7 per cent. in Khulna where large expenditure was incurred on primary school buildings. At Ramjibanpur, in the Midnapore District, the percentage stood at 10·4.

35. *Loans.*—Thirty-one Municipalities were in debt at the close of the year; and if the sum of Rs. 1,57,093 on account of the accumulated balances of the sinking funds of the Burdwan, Howrah and Bhagalpur Municipalities for the repayment of their debenture loans is excluded, the total net indebtedness amounted to Rs. 34,60,414. Of this sum, the loan liabilities of the Howrah Municipality alone account for Rs. 18 94,790. Nine new loans were granted during the year, aggregating Rs. 3,81,000, of which Howrah drew Rs. 1,00,000 for drainage purposes, and Rs. 60,000 and Rs. 50,000 for an additional filtered water reservoir and for the extension of the water-works in that town. For the extension or improvement of water-supply, Maniktala received Rs. 1,00,000, South Barrackpore Rs. 4,000, Khulna Rs. 8,000, Berhampore Rs. 6,000 and Darjeeling Rs. 33,000. Titagarh received Rs. 20,000, being the first instalment of a loan of Rs. 55,000 for drainage works.

On the 31st March 1906, the total outstanding liabilities of all the Municipalities on account of unpaid bills and unfinished works stood at Rs. 1,51,101, which is more than 16 per cent. of the closing balances and 5 per cent. of the current demand. In four Municipalities the liabilities exceeded the closing balances, and in six they exceeded 15 per cent. of the current demand. More attention should be paid to the prompt payment of all liabilities as they fall due.

The Municipalities in debt to Government paid the interest and instalments of their loans in full, with two exceptions. The Commissioners of the South Suburban Municipality were unable to levy the water-rate, owing to the insufficiency of the water supplied from the Calcutta mains, and were therefore allowed to postpone the repayment of the principal. Arrangements are being made to increase the supply of water, when the full amount of water-rate will be levied and the Municipality will be in a position to pay the instalments of the loan as these fall due. At Utterpara, owing to delay in obtaining sanction to its drainage scheme, the Municipality was unable to utilize the loan that was granted for the purpose, and was allowed to defer payment of the instalments until the scheme was finally sanctioned. The financial embarrassments of the Berhampore Municipality, which were described at length in the last Resolution, continued during the year under review; but an improvement is expected with an increased assessment and greater economy. The Commissioner of the Bhagalpur Division reports that the Darjeeling Municipality incurred heavy charges in disregard of the sanctioned budget, and that, if this irregularity were to continue, the Municipality might any day find itself unable to pay its way. A separate enquiry is being made in the matter, but there is no apprehension as to the solvency of the Municipality, since the rate on holdings was levied only at 7 per cent. on their value against the legal maximum of 10 per cent.

36. *Audit of Accounts and Embezzlements.*—Only three cases of embezzlement were reported during the year. They do not call for special notice.

37. *Working of the Porters and Dandiwallas Act.*—This Act was in force in the Municipalities of Darjeeling and Kurseong. There was a large increase in the number of porters and *dandiwallas* registered in Darjeeling. There was

however only one prosecution against 40 in the previous year. At Kurseong there were 4 prosecutions. No licenses were cancelled during the year in either town.

38. It is usual in this Resolution to take special notice of the administration of the Howrah Municipality. The high standard of efficiency recorded in past years has been satisfactorily maintained, the Collection Department in particular having continued to work well. The percentage of the total collections to the current demand is practically the same as that of the previous year, the slight drop from 97·8 to 97·5 being due to a decrease in the arrear collections. The outstanding balance has been reduced from Rs. 24,539 in 1904-1905 to Rs. 9,090, nearly half of which consists of arrears for 1905-1906. Out of a total demand of Rs. 5,89,000, Rs. 5,51,000 was collected, the percentage being 93·5 as compared with 87·6 in the previous year. It is especially satisfactory to observe that the income from fines fell from Rs. 16,300 to Rs. 8,800. The Chairman reports that in former years the procedure preliminary to prosecution gave opportunities for black-mail and oppression by subordinates, and that in many cases the fines inflicted were so excessive as to weigh heavily on the persons fined. To remedy the discontent caused among the rate-payers by this state of affairs, the Commissioners have decided that no prosecution shall be instituted without full enquiry by an officer of superior rank. Arrangements have also been made to have such cases tried by Honorary Magistrates. Of all the branches of the administration perhaps the most noticeable for its efficiency is the Water-works. The Sanitary Board have expressed their appreciation of the careful manner in which these have been looked after, and their high state of efficiency. During the year the construction works of Block II of the Sibpur Drainage scheme were entirely completed. The Sanitary Engineer frequently inspected the works, and has stated in his final report that the work appears to have been exceedingly well and carefully carried out. Detailed plans and estimates for the construction of *pucca* drains in Block IV of the South Foreshore scheme were prepared during the year, and received the sanction of Government after its close. Schemes for the drainage of the Northern Foreshore section of the town and for the Central section are at present under the consideration of the Commissioners, and when these portions are ready the whole project will be complete. With the completion of the drainage system and the ultimate connecting up of all the houses of the town with the *pucca* drains, a steady improvement in the sanitary condition of the town can confidently be expected.

39. There is little to add to the foregoing detailed account of the results of Municipal administration in Bengal during the past year. It is beyond doubt that the public interest in Municipal administration is maintained, if it is not actually on the increase. The tax-payers are discovering that they must themselves be mainly responsible for the condition of the towns in which they reside, and that without their co-operation and assistance efficient administration is an impossibility. Government can advise and assist the Municipalities both through the local officers and by the advice of the experts employed under it; but it is with the people themselves, the general body of rate-payers and their representatives, that the responsibility for the success or failure of Municipal administration must ultimately rest. Although it is to be regretted that, more particularly in the smaller Municipalities near Calcutta, the representation on the Board of Commissioners and the control of the administration is at times made a matter of party strife, it is still far better that this should be the case than that the rate-payers should regard the question with indifference. That they do not do so is proved by the steady and sustained improvement in the administration which has taken place.

In conclusion, the Lieutenant-Governor again desires to congratulate the Municipalities on the good work that has been accomplished, and to express his appreciation of the public spirit displayed by the many gentlemen who have as Municipal Commissioners devoted their time and labour to the service of the public.

By order of the Lieutenant-Governor of Bengal,

H. J. McINTOSH,

Offg. Secretary to the Govt. of Bengal.

Area shall ordinarily be adopted as a basis if a record-of-rights has been prepared or revised; but the apportionment may be made on the basis of cess payable under the Cess Act, 1880, or on the profits of landlords or on the chaukidari tax under the Village Chaukidari Act, 1870, or on the union rate under the Bengal Village Self-Government Act, 1919, or on any other basis where on account of intricate subinfeudation or for any other reason it appears more convenient to adopt such different basis. In the case of non-agricultural lands or premises benefited by a scheme relating to sanitary improvement the apportionment shall ordinarily be made on the basis of the municipal tax payable in respect of such lands or premises under the Bengal Municipal Act, 1884, or the chaukidari tax under the Village Chaukidari Act, 1870, or the union rate under the Bengal Village Self-Government Act, 1919, as the case may be. In all cases the degree of benefit derived or estimated to be derived shall [illegible] borne in mind.

(*4*) How the landlords' share shall be divided amongst the differ[illegible] classes of landlords. For this purpose the Collector shall ta[illegible] into consideration the extent of the interest of such land[illegible] in the lands benefited, the rent payable whether [illegible] other [illegible] perpetuity or not, and, where the tenures are for [illegible] term[illegible] of years, the unexpired periods of such terms.

Explanation.—Where the area basis is adopted calculations may be made [illegible] the lowest grade upwards where there are several grades of landlords in the following manner :—

(*b*) Oth[illegible] rent tenure holders shall pay three fourths of the landlord's share.

(*c*) T[illegible] tenure-holders shall pay as follows :—

(*i*) In cases where the lease has 16 years or more to run the lessee shall pay three-fourths and his landlord one-fourth of the landlord's share.

(*ii*) In cases where the lease has over two years and under 16 years to run, the lessee shall pay such proportion of three-fourths as the unexpired number of years of his lease bears to 16

(*iii*) In cases where the lease has 2 years or under to run, the landlord of the lessee shall pay the whole of the landlord's share.

(*iv*) If there is no current lease or no fixed term, the landlord and the lessee shall each pay half the landlord's share.

(*v*) The remaining period of the lease shall be reckoned in each case from the close of the agricultural year in which the statement and particulars referred to in section 18, sub-section (*2*), are published.

Illustration.—In a case in which the recoverable cost-rate is Rs. 9 per acre and it is decided that the share of the raiyat shall be Rs. 4 and that of the landlord Rs. 5, the rate may be divided as below in two possible cases of subinfeudation :—

CASE I.		CASE II.	
Class.	Amount recoverable per acre.	Class.	Amount recoverable per acre.
	Rs. A.		Rs. A. P.

(6) What minimum charges shall be borne by the landlords and tenants individually.

(7) Whether and under what conditions instalments may be allowed for recovery of cost. There shall not be more than one instalment in any one year and the number of instalments in any case shall not ordinarily exceed three, unless the total rate payable by the landlords and tenants exceeds Rs. 10 per acre, *e.g.*, if under the specimen apportionment order given in schedule D the landlords or raiyats were liable to pay more than Rs. 5 per acre, provided also that the rate payable annually by either landlords or tenants shall not exceed Rs. 3 per acre.

12. The Collector's decision on the matters referred to in rule 11 shall be embodied in the order of apportionment which shall then be published under section 18, sub-section (*2*), together with the statements of total cost and of its distribution prepared under section 18, sub-section (*1*), clauses (*i*) and (*ii*), in the manner laid down in rule 19.

13. Specimen statements showing the calculation of the total cost of a work, the distribution of the same and the method of working out the cost-rates in a given case, and a specimen order of apportionment are given in schedule D.

14. The detailed statement under section 19 shall be published in every village of the local area by affixing in a conspicuous place a copy of the statement or of such portion of it as relates to that village, and the fact of such publication shall be proclaimed by beat of drum in the village. A specimen statement is given in schedule E.

A general notice in the form in schedule C shall at the same time be published in the manner prescribed for publication of general notices in rule 19.

15. (*1*) The recovery of costs shall be made when the Collector has confirmed the detailed apportionment statement under section 21, or when not less than one month has elapsed after the commencement of the final publication of the record-of-rights, if any, prepared or revised under section 13, whichever date is later.

(*2*) Copies of any record-of-rights prepared or revised shall be distributed at the time of recovery amongst the landlords and tenants according to the rules for the preparation of record-of-rights under the Bengal Tenancy Act. A complete copy shall also be supplied to the applicant if he does not otherwise get such copy.

(*3*) Recovery shall be made directly from the landlords and tenants, and general notices shall first be served upon a whole village or other convenient area stating the date on which and the place at which payments will be received and copies of record-of-rights distributed.

(*4*) The isolated sums due from large landlords shall so far as possible be brought together in one account which shall be sent to the assessee together with a notice fixing a day before which payment shall be made.

(*5*) Notwithstanding anything in the order of apportionment, the Collector may, in the case of a large demand whether from a landlord or tenant or to prevent hardship in any particular case, allow reasonable instalments for payment.

(*6*) If the sum due from a landlord or tenant is not paid and no satisfactory explanation is forthcoming, it should be recovered by the procedure under the Bengal Public Demands Recovery Act, 1913.

(*7*) If before the amounts are collected a landlord or tenant dies or transfers or abandons his estate or tenancy or any part thereof, recovery may be made from the person in possession of the former holder's interest.

(*8*) The same procedure for recovery from landlords and tenants shall be adopted whether the advance sought to be recouped has been made by the Local Government or a local authority or persons.

16. Before any lands or works can vest in any local authority or person under section 29, such local authority or person must execute a registered agreement accepting the following conditions:—

(1) That the land taken or acquired permanently under the Act for the purpose of a scheme and any work constructed under the Act shall be held by the local authority or person for the purposes of the said scheme.

(2) That should the said lands or works at any time cease for a number of consecutive months specified in the agreement to be held and used or cease to be required for the purposes of the scheme or should the maintenance of the said lands or works or any water-channels, embankments and dams included within the scheme, whether reconstructed, cleared, altered, enlarged excavated or cut under the Act or not, be neglected for a number of consecutive months specified in the agreement or if it is desirable in the public interests that such maintenance should be undertaken by the Local Government, of which notice shall be duly given, the Local Government may summarily enter upon and take possession of the said lands, works, etc., and thereupon the interest of the local authority or person in the said lands, works, etc., shall absolutely cease and determine or shall cease and determine for a specified period which shall be mentioned in the notice.

(3) That the local authority shall refund to the Local Government (*i*) the capitalised cost of the maintenance of the work as included in the cost of the scheme if the Local Government takes possession permanently, or (*ii*) the cost of the maintenance of the work as included in the scheme for the period if the Local Government takes possession for a specified period.

(4) The said cost of maintenance shall be recoverable under the Bengal Public Demands Recovery Act, III of 1913.

(5) That during the period of maintenance all profits of the scheme shall be credited to Government.

17. It shall be competent for the Collector to inspect or cause to be inspected at any time any work of which the responsibility for maintenance lies with a local authority or person, and also to enquire into any action taken for such maintenance by such local authority or person.

18. (*1*) When the Local Government maintain a work executed under this Act, recoveries on account of the capitalised cost of maintenance shall be credited to general revenues under an appropriate head; and expenditure shall be met from the budget provision which shall have been previously made for the purpose.

(*2*) When a local authority or person is responsible for the maintenance of a work, the Local Government shall make over the administration of the sum recovered as the estimated cost of maintenance to such local authority or person.

It is also assumed that the total chaukidari tax on the 4 square miles of homestead is Rs. 12,000 and the total amount to be recovered on the basis of the chaukidari tax is double this amount, viz., Rs. 21,000. The balance of Rs. 1,76,000 thus gives rates of Rs. 10 and Rs. 5 per acre for the areas receiving 16 annas and 8 annas benefit, respectively.)

Whereas the works in connection with the scheme specified below, which were taken up under the Agricultural and Sanitary Improvement Act, 1920, have been completed, the following order has been passed under section 18 (*1*) (*iii*) apportioning the share of the cost recoverable from landlords and tenants, thus :—

Remarks.

The normal surplus shown in column 20, viz., Rs. 3,717 is not our true surplus—

(a) For the last four years (1917 18, 1918 19, 1919-20 and 1920-21) we have been spending heavily from our revenue funds on the new Town Hall—a work which is really chargeable to loans. The figures are as follows —

	Rs.
1917-18 .	35,547
1918-19 . ..	38,030
1919-20	..
1920-21	33 053

This expenditure is exclusive of the expenditure which was met from the contributions made by His Highness the Maharaja of Cooch Behar. The Maharaja accepted responsibility for a further sum of Rs 40,000. There may be difficulty over the recovery of this amount, but in any case our abnormal expenditure in the triennium 1918-19 to 1920-21 amounted to Rs 71,083, i.e., our normal surplus should be regarded as increased by Rs. $\frac{71,083}{3}$ = Rs. 23,694.

(b) Secondly, the Commissioners raised the water-rate and holding rate by 1 per cent. each from 1st April 1921. The revenues of the holding rate will then by be increased by Rs. 9,477 per annum and the water rate by Rs 9,472.

(c) Thirdly, the loan work will be remunerative and will bring in an extra revenue of about Rs. 13 000 annually exclusive of revenue from the Lower Beechwood Estate already taken into account in the previous loans application.

(d) Fourthly, our loan charges (vide column 11) will be Rs 16,035-7 [illegible] To meet this we have an additional Rs. 18,949 from new taxation plus Rs 13 000 as new income from municipal properties In addition to these we shall have a further surplus of [illegible] (vide column 20) plus say 18[illegible] as shown in (a) above.

Orders and Notifications by the Government of India.

The following resolution, issued by the Government of India in the Department of Commerce, published in the Supplement to the *Gazette of India*, dated the 3rd September 1921, is republished for general information.

J. DONALD,
Chief Secretary
to the Government of Bengal (offg.).

No. 5268.

Simla, the 29th August 1921.

TRADE AFTER THE WAR (IMPERIAL PREFERENCE).

RESOLUTION.

The following papers are pu[illegible] [illegible]ormation :—

Despatch to His Majesty's Secretary o[illegible] for India No. 16, dated the 21st April 1921, regarding [illegible] autonomy.

We have the honour to report for your [illegible]rmation that a Resolution was passed in the Council of State on the 23rd F[illegible]uary last in the following terms :—

"This Council recommends to the Governor General in Council that His Majesty's Government be addressed through the Secretary of State with a prayer that the Government of India be granted full fiscal autonomy subject to the provisions of the Government of India Act."

2. The last ten words of this Resolution were substituted on the motion of our late Colleague Sir George Barnes for the words "under the direction of the Indian Legislature" which appeared in the Resolution as moved by the Hon'ble Mr. Lalubhai Samaldas. We were unable to accept the Resolution in its original form as it proposed that in fiscal matters the Government

of India should be subject only to the control of the Indian Legislature. We regarded this proposal as being inconsistent with the provisions of the Government of India Act The Resolution as amended indicates the agreement of the Council of State with the views expressed on the subject of fiscal autonomy by the Joint Select Committee in its remarks on Clause 33 of the Government of India Bill. The Joint Committee pointed out that fiscal autonomy could not be guaranteed to India by statute without limiting the ultimate power of Parliament to control the administration of India and without limiting the power of veto which vests in the Crown. It took the view that fiscal autonomy could be assured to India only by the acknowledgment of a convention, and it expressed the opinion that, in order that a convention of this kind might grow up, the Secretary of State should, as far as possible, avoid interference when the Government of India and the Legis[illegible] [illegible] in agreement and that his intervention, when it did take place, should be limited to safeguarding the international obligations of the Empire or any fiscal arrangements within the Empire to which His Majesty's Government was a party.

3. We request that the Resolution may be laid before His Majesty's Government.

II.

Despatch from His Majesty's Secretary of State for India, No. 70-Revenue, dated the 30th June 1921.

Resolution of the Council of State regarding fiscal autonomy.

I have received and noted on behalf of His Majesty's Government the Despatch of Your Excellency's Government. No. 16 (Department of Commerce), dated 21st Apr 1921 which communicated the Resolution passed in the Council of State on 23rd February 1921, recommending that His Majesty's Government should be addressed with a prayer that the Government of India be granted full fiscal autonomy subject to the provisions of the Government of India Act.

2. In this connection I would refer to my reply to the deputation from Lancashire received at the India Office on 23rd March 1921, forwarded with my Despatch No. 14 (Revenue), dated the 21st April 1921, from which it will appear that I have, on behalf of His Majesty's Government, accepted the principle recommended by the Joint Committee in their report on clause 33 of the Government of India Bill.

III.

Extract from the [illegible] the Secretary of State to the deputation from Lancashire on [illegible] Duties on Cotton Goods, received at the India Office on [illegible] 1921.

Now the last point that [illegible] draw your attention to is this. You gentlemen, have [illegible] one part of the room after another what happened in [illegible]; but I ve[illegible] with great respect to point out to you that you have [illegible]itted the equal[illegible] important events of 1919. This whole question was dealt with in 1919 wh[illegible] the Government of India Bill was under discussion. At the Joint Com[illegible]ee of both Houses which sat upon that Bill one of the members of the [illegible]mmittee moved an amendment to the Bill, that there should be no interference with any fiscal measure proposed by the Government of India. This was rejected on the ground that it was constitutionally impossible. The Joint Committee reported on this matter to both Houses of Parliament, and the Joint Committee's Report is so important that I venture, although it must be familiar to you, to read it to you again. "The Committee have given most careful consideration"—this was what Lord Selborne's Committee said—"to the relations of the Secretary of State with the Government of India, and through it with the Provincial Governments. In the relations of the Secretary of State with the Governor-General in Council the Committee are not of opinion that any statutory change can be made, so long as the Governor-General remains responsible to Parliament; but in practice the conventions which now govern these relations may wisely be modified to meet fresh circumstances caused by the

creation of a Legislative Assembly with a large elected majority. In the exercise of his responsibility to Parliament, which he cannot delegate to anyone else, the Secretary of State may reasonably consider that only in exceptional circumstances should he be called upon to intervene in matters of purely Indian interest where the Government and the Legislature of India are in agreement. This examination of the general proposition leads inevitably to the consideration of one special case of non-intervention. Nothing is more likely to endanger the good relations between India and Great Britain than a belief that India's fiscal policy is dictated from Whitehall in the interests of the trade of Great Britain. That such a belief exists at the moment there can be no doubt. That there ought to be no room for it in the future is equally clear. India's position in the Imperial Conference opened the door to negotiation between India and the rest of the Empire, but negotiation without p[illegible] is likely to remain ineffective. A satisfactory solution of the question can [illegible] guaranteed by the grant of liberty to the Government of India to devise those tariff arrangements which seem best fitted to India's needs as an integral portion of the British Empire. It cannot be guaranteed by Statute without limiting the ultimate power of Parliament to control the administration of India, and without limiting the power of veto which rests in the Crown; and neither of these limitations finds a place in any of the Statutes in the British Empire. It can only therefore be assured by an acknowledgment of a convention. Whatever be the right fiscal policy for India, for the needs of her consumers as well as for her manufacturers, it is quite clear that she should have the same liberty to consider her interests as Great Britain, Australia, New Zealand, Canada and South Africa. In the opinion of the Committee, therefore, the Secretary of State should as far as possible avoid interference on this subject when the Government of India and its Legislature are in agreement, and they think that his intervention, when it does take place, should be limited to safeguarding the international obligations of the Empire or any fiscal arrangements within the Empire to which His Majesty's Government is a party."

Now these are very strong words which, except for some timely warning by my honourable friend the Member for Oldham, almost passed unchallenged in the House of Commons; but when the Bill came for third reading to the House of Lords, Lord Curzon, speaking on behalf of His Majesty's Government, pointed out the great change which had been instituted in these matters by what amounted to the grant of fiscal autonomy to India. I will read you his words if you like, but I am sure they must be familiar to most of you, and I do not want to waste your time. I can paraphrase them in the words of one of the speakers this afternoon: the people of India are plain humble people and they regard a promise as a promise; and, after that Report by an authoritative Committee of both Houses and Lord Curzon's promise in the House of Lords, it was abso[illegible] impossible for me to interfere with the right whic[illegible] [illegible]lieve was [illegible] given and [illegible]ich I am determined to maintain—to [illegible] [illegible] of India the right [illegible] consider the interests of India [illegible] [illegible]thout any complaint from any other parts of the Empire, an[illegible] [illegible] parts of the Empire without any complaint from us, have alw[illegible] [illegible] the tariff arrangements which they think best fitted for their needs, [illegible] [illegible]g of their own citizens first. Nothing could be worse for what I [illegible] set my he[illegible] upon—India as a willing contented partner in the British [illegible]pire—nothing would be worse from that point of view than to promise [illegible] through the mouth of Parliament these rights and liberties, and then, wh[illegible] they are only accidentally applied, because of the sudden need for reven[illegible] which was never foreseen before the fall in the exchange took place [illegible]denly, to say: "We made a mistake in giving you this right; we are now going to do the very thing that we said we would not do—interfere with your fiscal arrangements for the benefit of the British trade."

ORDERED that a copy be forwarded to all Local Governments and Administrations and that it be published in the Supplement to the *Gazette of India*.

7. In line 3 of rule 19A of Part II of the said rules *delete* the words "or in a seat provided on the near side".

8. *After* the word "shall" in line 4 of rule 22(*3*), Part II of the said rules, *insert* the words "produce his licence for inspection and."

9. *For* the rules in Part IV *substitute* the following:—

1. No light motor-car shall stand or ply for hire in any public place for the conveyance of passengers unless it is registered as a motor-cab, and no motor-cab shall be used except for hire by the public.

2. (*a*) Each new type of motor-car intended for registration as a motor-cab must be presented at such time and place as the Commissioner may appoint for inspection, together with detailed specifications and drawing to illustrate particulars of construction required by these rules. A preliminary inspection of the chassis may be applied for by the owner.

(*b*) If, after the type has been approved, defects develop which, in the opinion of the Commissioner, render it unsuitable as a type for public service, the Commissioner may withdraw such approval.

3. The following measurements and requirements for a motor-cab should be adhered to:—

(1) CHASSIS.—The wheel-base must in all cases be so proportioned that skidding or other improper movements shall be as far as possible avoided.

The springs of the chassis must be properly hung, and must be of sufficient strength and flexibility to meet all likely contingencies. Those springs carrying the load must be attached to, or bear upon the back axle, as near to the wheels as possible; the distance between the outsides of the rear springs shall not be less than 40 inches. The front springs must be as wide apart as possible, but not less than 26 inches from outside to outside.

HORSE POWER.—Maximum 20 horse power R. A. C. rating.

(2) BODY—

Height.—Inside from the top of the seat cushions to the hood at the lowest part must not be less than 40 inches

Width.—Minimum must not be less than 40 inches.

Width of doorway must not be less than 21 inches and the door must be so constructed that it opens to the fullest extent and causes no inconvenience to passengers.

Width of seats—Not less than 14 inches, and of back seat not less than 16 inches.

Width between seats.—Where the cab is provided with front and back seats the measurement between the front edges of the cushions must not be less than 19 inches.

The space on the near side of the driver shall be fitted with a platform for luggage and also a drop seat.

Hood.—The hood must be of the "one-man" pattern and fitted with approved side screens.

(3) The total overall length of the chassis and body shall not exceed 14 feet, and the extreme breadth shall not exceed 5 feet 9 inches.

4. No person shall be registered as the owner or possessor of a motor-cab unless, in the opinion of the Commissioner, he is a fit and proper person and provides and maintains a suitable garage.

5. An applicant for a motor-cab driver's licence shall before receiving such licence, satisfy the Commissioner that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire and that he is in all respects a fit person to be the driver of a motor-cab.

6. The driver of a motor-cab shall wear at all times when on duty—

(*a*) a uniform prescribed by the Commissioner which he shall keep neat, clean and serviceable, and

(*b*) a metal badge bearing his number in a conspicuous position,

The badge shall be supplied free of cost and shall remain the property of the Commissioner. The driver shall not allow it to be defaced or to be used by any other person under any circumstances whatever, and shall surrender it to the Commissioner, if his licence expires or is suspended or is cancelled. Duplicate badges shall be supplied at the rate of two rupees each.

7. The owner or person in possession of a motor-cab the driver of which contravenes rule 6, shall also be deemed to have contravened the said rule.

8. No person other than the actual driver shall be employed on a motor-cab as an attendant or otherwise.

9. *(1)* No motor-car shall be used as a motor-cab unless it is fitted with an approved taxi-meter or other mechanical device for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time. The taxi-meter must be fitted to and operated from a "non-driving wheel". Every taxi-meter when in use shall be locked and sealed, so that it may not be tampered with.

(2) Every taxi-meter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire". The taxi-meter shall be so constructed that when the indicator is vertical the taxi-meter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, an[illegible] the hirer when inside.

(3) The vertical position of the indicator shall indicate that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

(4) Any owner, driver, attendant or other person who shall break or tamper in any way with the seal placed on the taxi-meter, or who shall, with intent to deceive, tamper with the taxi-meter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

10. *(1)* No taxi-meter which has not been approved by the Commissioner shall be affixed to a motor-cab.

(2) Taxi-meters are only to be fitted in such positions and in such manner as may be approved by the Commissioner, the positions and manner, to be determined by the construction of the motor-cab.

(3) A taxi-meter shall under no circumstances be used upon a motor-cab in connection with a wheel the circumference of which is different from that for which the meter has been designed, geared and tested.

(4) No taxi-meter which is in any way defective shall be used upon a motor-cab.

(5) No flexible or driving gears except such as are approved by the Commissioner may be used, and they must be so affixed that no part of the cable, etc., can be readily reached by an unauthorized person. All connections must be so made as to be capable of being sealed in an approved manner to prevent improper removal.

(6) The owner of a motor-cab of which the registration has expired or been cancelled shall forthwith either detach the taxi-meter, notifying the Commissioner in writing to that effect, or produce the motor-cab for renewal of the registration.

11. Every taxi-meter referred to in rule 9 shall after it is affixed to a motor-cab, whether for the first time or after repair or other readjustment, be submitted to the Commissioner or to such officer as he may empower in this behalf for the purpose of examination as to correctness of fittings, and of subjection to a practical road-test over a measured distance of one mile and a time-test of not less than half an hour. If found to be correct, the taxi-meter and its fittings shall then be sealed to the motor-cab in such a manner that it cannot be removed or tampered with without the seals being broken or removed.

12. Every taxi-meter shall, at the end of each period of six months (the first of such periods commencing from the date of the test referred to in rule 11), be submitted to a test similar to that prescribed by rule 11 :

Provided that every taxi-meter shall, at any time, if so required by the Commissioner, be submitted to him or to such officer as he may empower in this behalf, for the purpose of undergoing such test or any portion thereof.

13. The owner of every motor-cab shall cause to be kept in the cab, for the inspection of the public, a register in which the testing officer referred to in rule 11 shall, after each of the tests prescribed in rules 11 and 12, enter the date and result of such test.

14. Every motor-cab shall be provided with a light so placed as to illuminate the taxi-meter at night.

15. In every motor-cab there shall be available for the inspection of hirers a list of rates, and the fare charged for the hire of the motor-cab shall not exceed the maximum fare calculated according to the scale of such of the said rates as may be applicable.

16. The driver of every motor-cab shall, as soon as he is hired and not before, set the taxi-meter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglects or fails to do so, he shall be deemed to have committed a breach of this rule:

Provided that in the event of a motor-cab whilst hired being unable to proceed from any accident, mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at once stop the mechanism of the taxi-meter as against the hirer, and shall not re-start the same until such time as he is able to proceed. The hirer shall be liable to pay the fare up to the time of the stoppage.

17. A driver of a motor-cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer and by the shortest and quickest route.

18. The brakes of a motor-cab shall be so affixed as to be capable of easy application. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

19. All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

20. Every motor-cab shall be capable of being readily steered, and able to turn on each lock and to proceed in a contrary direction within a roadway not more than 30 feet wide from kerb to kerb.

21. The wheel-tracks of the front and the rear wheels shall, so far as possible, coincide (*i.e.*, the wheel-track of the rear wheels must be the same as the wheel-track of the front wheels); and in no case shall the width of the front wheel-track be less than that of the rear wheel-track or the wheel-tracks vary by more than 2½ per cent. of the width.

22. All the underparts of a motor-cab inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels), as far back at least as the rear axle, must clear the ground at least 10 inches, sufficient allowance in addition being made to provide for the wear of the tyres, set of springs and other causes of lessened height, so that the minimum clearance of 10 inches is at all times maintained.

23. It shall be the duty of the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order, and a register shall be kept of such inspections in a convenient form giving such particulars as the Commissioner may prescribe. This register shall be open at any reasonable time to the inspection of the Commissioner or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority shall be deemed to be a breach of this rule.

24. In every motor-cab the machinery shall be so constructed that no undue noise or vibration is caused, and shall be maintained in such condition at all times.

25. Carburetters must not, in any motor-cab, be placed in close proximity to magnetos or to connection of wires carrying an electric current, unless such magnetos and wire-connections are respectively screened off or encased in a suitable manner.

26. A second tap shall be provided between the tank and the carburetter, and shall be so fixed that it can be shut off or turned from the exterior of the car. Every motor-cab shall also carry some particular form of efficient fire-extinguisher.

27. No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or under-shield shall be so placed or constructed that no petrol from the tank, supply pipe or carburetter can collect therein.

28. Tanks for petrol must be so placed that any overflow shall not fall on or soak into cushions, upholstery or floor mats in or about the body and the filling nozzle shall be brought to and permanently fixed to some point outside the body. No petrol shall be poured into the tank whilst the

engine is running or whilst any lamp other than an electric lamp is burning in or on any portion of the car.

29. Effective means shall be provided in every motor-cab for preventing the heat of the motor or of the exhaust pipe connections from injuriously affecting other parts of the motor-cab or interfering with the comfort of passengers. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a source of danger.

30. The outlet from the silencer shall not, in any motor-cab, be so placed as to project the exhaust directly on to the road, or be so placed or directed as to alarm horses that may be immediately behind the cab.

31. Every motor-cab shall have at least one driving wheel fitted with an approved means of preventing or limiting side slip, and shall carry at least one spare inflated tyre and rim or other approved device which can, if necessary, be quickly fitted to any wheel.

32. Every motor-cab shall be provided with adequte means for the conveyance of a reasonable quantity of luggage, and with a sufficient number of chains, straps or other means of securing such luggage. No luggage shall be carried on the roof of the cab, unless there has been affixed thereto a guard rail of a type approved by the Commissioner or by such officer as he may empower in this behalf.

33. Where acetylene or other gas is used to light the carriage, the cylinders or vessels which contain the gas or in which it is generated must be fixed outside in such a position as to minimize the danger of accidental ignition.

34. No celluloid or xylonite fittings shall be placed inside or outside any motor-cab:

Provided that this rule shall not apply to the side curtains and hood; and the accumulators contained in such cab if suitably boxed.

35. No printed, written or other such matter except particulars required by these rules shall appear on the outside or inside of a motor-cab or be carried by way of advertisement. The number of every motor-cab shall be shown clearly on the inside of the cab in an approved manner.

36. The cushions of the seats in every motor-cab shall be stuffed and covered with suitable material and provided with clean covers in good condition.

37. All the appointments and furniture of a motor-cab shall be maintained in good order and repair, the paint and varnish in good condition and the inside perfectly clean. The floor shall be covered with a suitable mat.

38. The Commissioner or such officer as he may empower in this behalf may prohibit the use of a motor-cab which in his opinion is unfit to ply for hire by breaking the seals of the meter and notifying the owner.

39. The carrying capacity of all motor-cabs shall be fixed by the licensing officer and shall be shown clearly on the inside of the cab. No motor-cab shall be licensed to carry in the body of the cab more than three passengers, unless it is fitted with front seats facing the back seat, sufficient to accommodate the additional passengers permitted. The space on the near side of the driver may be used for a passenger or luggage at the option of the hirer.

40. The driver of a motor-cab immediately after any hiring shall carefully search for any property accidentally left in it, and shall take the same within 24 hours, if not sooner claimed by the owner, to the nearest police-station.

41. The drivers at motor-cab stands shall observe the following rules, namely:—

(1) The drivers of the first two motor-cabs on the stand must stay beside their cabs and must be ready to be hired at once by any person; all motor-cabs on the stand must move up as vacancies occur:

(2) Every motor-cab on the stand shall be kept as near as possible to the kerb or near side of the stand. No motor-cab shall be kept at the stand at a greater distance than one foot from the motor-cab next in front or remain with its front wheels off the straight or at an angle to the sides of the stand.

(3) No motor-cab engaged for some future time shall remain on the stand unless the driver is willing to accept any intermediate hiring that may be offered.

(4) No disabled motor-cab shall remain on the stand.

42. No driver of a motor-cab shall—

(a) be drunk during his employment,

(b) make use of insulting or abusive language or gesture,

(c) stand (elsewhere than at some stand or other place appointed for the purpose) or loiter for the purpose of being hired, in or upon any public street or road or place,

(d) refuse to give way (when he reasonably and conveniently may do so) to any other vehicle,

(e) wilfully obstruct or hinder the driver of any other motor-cab in taking up or setting down any person into or from such other motor-cab,

(f) wrongfully prevent, or intend to prevent, the driver of any other motor-cab from being hired,

(g) demand more than the proper fare to which he is legally entitled,

(h) before he has been discharged by the hirer, desert from the hiring,

(i) ply for hire with any motor-cab which is at the time unfit for public use, or

(j) shout in order to attract the attention of the public or of a possible hirer, or, for any other reason, act in such a way as to cause inconvenience or annoyance to the public.

43. No person shall wilfully deface or injure any motor-cab.

44. (1) A single tariff shall be charged at the rate of 2 annas for every sixth of a mile. The minimum charge shall be 8 annas. The tariff shall be in force throughout the day and night within the following limits :—

(2) For journeys outside these limits, the said tariff shall be charged while the motor-cab is occupied, and if the return journey is made by the motor-cab unoccupied, an additional charge shall be made for the return journey to the nearest point on the said limits. Such additional charge shall be at the rate of six annas a mile,

(3) If the motor-cab is licensed for more than three passengers, and at any time during the hiring more than three passengers are carried together, the driver shall be entitled to an extra payment of six annas for every passenger above three so carried, provided that in the case of children under the age of ten years, the extra payment for each child shall be two annas only.

(4) The driver shall be entitled to a waiting charge at the rate of Re. 1-14 per hour or two annas for each four minutes, at all times during the day or night.

45. No hirer shall refuse or omit to pay the legal fare for the hire of a motor-cab, nor shall he refuse to supply his correct name and address to the driver in case of dispute in connection with the fare.

46. Notwithstanding anything contained in these rules, if there is anything in the construction, working or general appearance of a motor-cab or its fittings or attachments which, in the opinion of the Commissioner, renders the vehicle unfit for public use, it shall not be registered.

NOTIFICATION.

No. 8632A.—The 19th October 1921.—The following preliminary Regulations respecting the examination of candidates for the Indian Civil Service to be held in London in August 1922 are published for general information.

J. DONALD,
Chief Secretary
to the Government of Bengal (offg.).

Copies of this form may be obtained on application to the Chief Secretary to the Government of Bengal.

NOTICE.

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to announce that the new age limits for the Indian Civil Service Open Competition in this country, viz., 21 to 23 on the 1st August of the year of competition, will come into force for the Open Competition to be held in 1924. For the Open Competition to be held in August 1921, the age limits will remain as hitherto, viz., 22 to 24 on the 1st August 1921; for the Open Competitions to be held in 1922 and 1923 the age limits will be 21 to 24 on the 1st August of the year of competition, these years constituting a transition period from the old to the new age limits. The rule contained in the appendix to the current regulations, by which a maximum of one year's deduction from actual age is allowed in certain cases on account of war-service, will remain in force for the Competitions of 1922 and 1923.

The probationary course of selected candidates, before proceeding to India, will be extended to two years in the case of all candidates selected on the result of the Open Competition to be held in 1924; and a proportion of the younger candidates selected on the result of the Open Competitions to be held in 1922 and 1923 will also be required to undergo two years' probation in the United Kingdom.

As the scheme and syllabus of the examination as lately revised may be expected to prove well adapted to their purpose under the new age limits it is not intended to make any material change unless experience shows that modification is required; the Regulations are always, however, liable to alteration from year to year.

CIVIL SERVICE COMMISSION,

May, 1921.

INDIAN CIVIL SERVICE.

OPEN COMPETITION OF 1922.

An open Competitive Examination for admission to the Indian Civil Service will be held in London in 1922, the written work commencing on the 1st August, while the *viva voce* test (Subject 6) will be held in July.

The number of persons to be selected at this examination will be announced hereafter.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received on or before the **1st June, 1922,** *an application on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last day will do so at their own risk.*

Acknowledgments of such Application Form are sent, and any candidate who has filled up and returned the printed Application

Form but has not received an acknowledgement of it within a reasonable time should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. 1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

Candidates will be notified early in June of the date and place fixed for their viva voce *test and of the manner in which the fee (£6) is to be paid. The Order for admission to the written part of the examination will be posted early in July to the address given on the Form of Application, and will contain instructions as to the time and place at which candidates are to attend.*

The subjects of the open competitive examination will be the same as in 1921. They are shown on the next two pages.

The age limits are 21 and 24 on 1st August, 1922, the lower limit thus being a year less than in 1921.

Selected candidates, before proceeding to India, will be on probation some for one year and some for two years, the younger candidates being assigned for two-year probation. The regulations governing the period of probation are under consideration and will be published later, when the full regulations for the competition of August 1922 are ready for issue. It may, however, be stated that Selected Candidates will be required to pass certain educational tests and tests in riding at intervals during and at the end of the period of probation; and that, provided the probation is passed at one of the Universities or Colleges in the United Kingdom approved by the Secretary of State, certain monetary allowances will be made to the Selected Candidates by the Government of India.

In making the questions the examiners will remember that the candidates are Indian by birth and education. A liberal choice of questions will be given. Simple questions on the use of graphical methods may be included. Attention should be paid to orderly, effective and exact expression.

The test will include translation from the vernacular, set composition in which an English passage is given to be put into the vernacular and free composition in which the candidate writes in the vernacular in his own words on a prescribed subject.

6. *Viva Voce.*—The examination will be in matters of general interest, not in matters of academic interest; it is intended to test the candidate's alertness, intelligence and general outlook.

Languages with History and Literature.—Subjects 7-14. History and Literature will, as far as possible, be brought into close relation. The questions on Literature will require first-hand knowledge of the authors; and the authors dealt with will be those which candidates ought to have read. Passages of Literature may be set for comment on matters of social, political, legal, or other historical importance.

7. *Arabic Language*: translation, free composition and set composition in the classical language.

8. *Arabic History and Literature.*—The main stress in both history and literature will be on the period from the middle of the 6th century A.D. to the middle of the 13th century A.D.

9. *Persian Language;* translation, free composition and set composition in the classical language.

10. *Persian History and Literature.*—The main stress in both history and literature will be laid on the period 1000 A.D. to 1500 A.D. Candidates will be expected to have a general knowledge of Persia before 1000 A.D. and from 1500 A.D. to the present time.

11. *Sanskrit Language*: translation, set composition, questions on Vedic and Sanskrit grammar. Both Vedic and classical Sanskrit passages will be set for translation; composition will be required in classical Sanskrit alone. A knowledge of the Prakrit used in plays will be expected.

EXTRACT FROM THE REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENTS UNDER THE GOVERNMENT OF INDIA.

[These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.]

N.B.—As regards candidates who have been wounded, a candidate who has lost one hand, fore-arm, or arm, or one leg *below* the knee might be accepted, but the following classes of wounds must be regarded as disqualifications, viz., (1) Injury to head; (2) Loss of an eye; (3) Loss of leg above or through the knee.

GENERAL PHYSICAL REQUIREMENTS.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth :—

Age.	Height without shoes.	CHEST—	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
19 & 20	62½ and under 65	35	2
	65 ditto 68	35	2
	68 ditto 70	35½	2
	70 ditto 72	36	2
	72 and upwards	36½	2½
21 and upwards ...	62½ and under 65	35	2

	72 and upwards	37	2½

III. **Measurement of height.**—A minimum height of 5 feet 4 inches is imposed. The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths.

IV. **Measurement of chest.**—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

V. The hearing must be good.

VI. The speech without impediment.

VII. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary for affective mastication.

VIII. The chest must be well formed, the lungs and heart sound.

IX. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency, will disqualify a candidate, unless such condition is cured by operation.

X. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

XI. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

XII. A candidate must not be the subject of chronic skin disease.

XIII. Evidence of previous acute or chronic disease pointing to an impaired construction will disqualify.

REGULATIONS AS TO STANDARD OF VISION FOR THE INDIAN POLICE FORCE.

I. Squint, or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

2. The examination for determining the acuteness of vision includes two tests: one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, except where otherwise stated below, at a distance of 20 feet; and Snellen's Optotypi for the test for near vision, without glasses, at any distance selected by the candidate. Each eye will be examined separately, and the lids must be kept wide open during the test. The candidate must be able to read the tests without hesitation in ordinary daylight.

3. A candidate possessing acuteness of vision, according to [illegible] the standards herein laid down, will not be rejected on account of an error of refraction, provided that the error of refraction, in the following cases does not exceed the limits mentioned, viz.:—(*a*) in the case of myop[illegible] that the error of refraction does not exceed 2·5 D.; (*b*) that any correction for astigmatism does not exceed 2·5 D.; and in the case of myopic astigmatism, that the total error of refraction does not exceed 2·5 D.

4. Subject to the foregoing conditions the standards of the minimum acuteness of vision with which a candidate will be accepted are as follows:—

Standard I.

	Right Eye.	Left Eye.
Distant vision.	V=6-6.	V=6-6.
Near vision.	Reads 0·6.	Reads 0·6.

Standard II.

	Better Eye.	Worse Eye.
Distant vision.	V=6-6.	V, without glasses=not below 6-60; and after correction with glasses=not below 6-24.
Near vision.	Reads 0·6.	Reads 1.

Standard. III.

	Better Eye.	Worse Eye.
Distant vision.	V, without glasses=not below 6-24; and after correction with glasses=not below 6-6.	V, without glasses=not below 6-24; and after correction with glasses=not below 6-24.
Near vision	=reads 0·8.	Reads 1.

The existence of imperfection of colour senes does not necessarily disqualify, but will be noted on the candidate's papers.

N. B.—In all other respects candidates must come up to the standard of physical requirements laid down for candidates for commission in the Army.

HIGH COURT NOTICE.

ENGLISH DEPAREMENT.

Civil.

General Letter No. 12, dated Calcutta, the 15th September 1921.

From—N. G. A. EDGLEY, ESQ., I.C.S., Registrar of the High Court of Judicature at Fort William in Bengal, Appellate Side,

To—The District Judge of

SUBJECT:—*Cancellation of Rule 30, Chapter III, Volume I of the Court's General Rules and Circular Orders, Civil.*

I AM directed to refer to Rule 30, Chapter III, pages 89-90, Volume I, of the Court's General Rules and Circular Orders, Civil, which provides that an interval of four months should ordinarily be allowed to intervene from the date of decree before the documents filed in a case are returned to the parties who produced them, and that an application for the return of documents within that period should not be complied with without first giving notice of the same to the pleader of the opposite party.

2. It has been represented to the Court that this Rule is inconsistent with Order XIII, Rule 9, of the Code of Civil Procedure, which permits, subject to certain provisos, the return of documents placed on the record, in non-appealable cases, when the case has been disposed of, and in appealable cases, when the Court is satisfied that the time for preferring an appeal has elapsed and that no appeal has been preferred, or, if an appeal has been preferred, when the appeal has been disposed of.

3. After consideration of the matter, the Hon'ble Judges have come to the conclusion that the view represented to them is correct, that Rule 30, Chapter III, Volume I, of the Court's General Rules and Circular Orders, Civil, should be cancelled and that in future the courts should be guided by the provisions of Order XIII, Rule 9, of the Code of Civil Procedure.

4. I am accordingly to invite your attention and that of the courts subordinate to you to those provisions, and to add that in appealable cases when there is any doubt whether an appeal has been preferred or not, the court should, before complying with an application for the return of a document, direct that notice be given to the pleader of the opposite party or take such other steps as it may think proper to satisfy itself that no appeal has been preferred.

5. In accordance with the above decision, Rule 30, Chapter III, Volume I, of the Court's General Rules and Circular Orders, Civil, is hereby cancelled.

List of questions for witnesses giving written evidence for the Indian Fiscal Commission.

EXPLANATORY NOTE.

The following questions have been framed with a view to indicating the main aspects of the enquiry to be undertaken by the Fiscal Commission, so far as the President and those Members of the Commission whom he has been able to consult can at present judge of them. Sections A and B are intended to cover the general problems which will arise for consideration in determining the future direction of fiscal policy and in deciding whether India should adopt a policy of Imperial Preference. The remaining sections contain questions designed to elicit not only the opinions but the definite experience of those engaged in the various branches of industry and commerce. In the case of answers to these questions the Commission will naturally attach special importance to conclusions resting on a solid foundation of facts and figures.

2. It is not intended that those who are engaged in industry and commerce should confine themselves to the special sections dealing with their particular business. On the contrary, there are many questions in sections A and B which require for their adequate consideration an intimate acquaintance with business conditions, and it is hoped that those who have such special knowledge will give the commission the benefit of their general views on the important and difficult problems that arise.

3. As explained above, the questions are designed to cover the whole field of the enquiry, so far as it can be outlined at this stage. It is not therefore expected that each witness should attempt to answer all the questions. If a witness wishes to give his views on any points relevant to the enquiry which have not been included in the questionnaire, it would be convenient that such points should be dealt with in a supplementary statement.

4. The Commission is inviting either directly or through Local Governments various associations and individuals to forward in writing their replies to the questionnaire. The Commission will also be glad to receive replies from any associations or individuals not so invited who may wish to represent their views. Copies of the questionnaire can be obtained from the Secretary, Indian Fiscal Commission, Simla, on application.

5. The Commission assembles in the first half of November and the early receipt of written replies to the questions would greatly facilitate its work. After perusal of the replies the Commission will select certain witnesses for oral examination. To give adequate time for this, it is requested that replies may be despatched so as to arrive at least three weeks before the date on which the witness is likely to be examined. The provisional programme of the tour of the Commission indicating the approximate dates on which oral evidence will be taken at each centre is as follows:—

QUESTIONS FOR WITNESSES.

A.—GENERAL.

The existing Indian import tariff is based primarily on revenue considerations. But it has been modified with a view to admitting free or at the favourable rate of 2½ per cent. articles the cheap import of which was considered desirable in the interests of the country. Thus certain raw materials, manures, agricultural implements, dairy appliances and cotton yarn are admitted free. Machinery, iron and steel and railway plant and rolling stock pay only 2½ per cent. *ad valorem*. The general rate, under which come the bulk of imports, is 11 per cent. *ad valorem*, while certain articles such as motor-cars, jewellery and silk goods have been specially subjected from revenue considerations to a duty of 20 per cent. Sugar is charged at a special rate of 15 per cent. and high duties are imposed for revenue purpose on tobacco and liquors. An excise duty at the rate of 3½ per cent. is levied on all woven cotton goods manufactured in power mills in British India.

Export duties imposed for revenue purposes are at present levied on raw and manufactured jute, rice and tea. In 1919 an export duty was also imposed on raw hides and skins, with a rebate of ⅔ of the duty on hides and skins exported to any part of the Empire. The object of the duty was partly to foster the Indian tanning industry and partly to maintain a key industry within the Empire.

A Revenue Tariff.

1. Do you generally favour a policy of free trade or protection? If the former, have you any objection to the imposition of customs duties for the purpose of obtaining revenue?

2. Do you consider that a tariff provides a more or a less suitable form of taxation for India than direct taxation? If fresh taxation were necessary would you prefer an increase in customs to an increase in direct taxation?

3. If you accept the principle of imposing a tariff for revenue purposes would you suggest any change in the list of articles taxed or in the rate of taxation?

4. Do you consider that the tariff should continue to be based on existing principles? If so, please explain your views as to the advantages of this policy.

5. What effect do you consider the existing tariff policy has had on Indian industries in the past, and what effects on Indian industries would you anticipate from a continuance of this policy in the future?

6. When a duty is imposed on an article imported from abroad do you approve in theory or in practice of imposing an excise duty on the same article manufactured in India?

7. If you favour the imposition of excise duties is it on the ground that no protection of any kind should be afforded to the home manufacturer as against the foreign manufacturer?

8. Can such duties be imposed without raising the price to the consumer?

A Protective Tariff.

9. Do you consider that the tariff should be framed primarily with the object of fostering Indian industries? If so, please explain the advantages anticipated.

10. Do you look forward to India becoming in time independent of other countries in regard to all her requirements of manufactured goods, or do you consider that there are certain manufactured goods for which she is always likely to be dependent on other countries? If you hold the latter view can you furnish a list of articles for which India will have to depend on other countries?

11. Would you, for the purpose of developing Indian industries, favour the imposition of protective duties on all imported manufactures or only on some?

12. If you favour the protection of some industries only, which would you select for protection and on what principles?

13. Do you consider it desirable to establish new industries by protection? If so, on what principles would you select them?

14. Would you confine protection to industries which are likely after a period to be able to face foreign competition without such assistance, or would you contemplate the establishment of industries which would be likely to require continuous assistance?

15. Would you grant special protection against foreign goods favoured by such measures as dumping, bounties, subsidies or transport concessions? If so, what means would you suggest for ascertaining the exact facts and what measures would you advocate to afford the necessary protecton?

16. What is your attitude towards hand industries and in particular towards the cotton handloom industry? Do you wish them to be maintained or not?

17. Is there any danger in India of protection leading to combination among the protected manufacturers in order to maintain a quasi-monopoly price? If so, what safeguards would you suggest to counteract the effect of such combination?

18. Do you think that, if a protective policy is adopted, it is likely that British or foreign industrial firms will endeavour to establish themselves in India in order to get the benefit of the protective tariff? If so, what would be your attitude towards such a movement?

19. In countries under a protective system it sometimes happens that producers of raw material ask for protection, while manufacturers who use the raw material oppose them, wishing to get their raw material as cheaply as possible. In the same way a demand of the spinning industry for protection is sometimes opposed by the weaving industry whose interest lies in cheap yarn. Do you think that conflicts of interest of this nature would be likely to arise in India and that if they did arise there would be any difficulty in adjusting them?

Effect of Protection on prices and on the consumer.

20. When an import duty is imposed, do you consider that ordinarily the whole or any part of it is passed on to the consumer in a rise of price?

21. If a protective duty causes a rise in price, is that rise likely to be permanent or not?

22. Would you be willing to accept an increase in price to the Indian consumer for the sake of developing Indian industries?

23. In considering the above question would you have regard to the point whether the protected article was a necessary of life? If so, what articles would you class as necessaries?

24. If you hold that an increase in the tariff rates would tend to increase the cost of living in India do you think the increased cost would be covered wholly or in part by a rise in wages or salary for

(*a*) the industrial wage earner,
(*b*) the agricultural wage earner,
(*c*) the middle classes.

Effect of Protection on Foreign Trade.

25. What effect do you consider a policy of protection would have on the foreign trade of India, and on the general commercial position and prospects of the country?

Use of Tariff for bargaining.

26. Do you consider that the existence of a tariff which could be used as an instrument for bargaining with other countries would be advantageous to India?

27. If so, would you recommend the adoption of general and special tariffs, the special being applied to countries from which India receives favourable treatment?

28. If the tariff is to be used in this way, would it be necessary to make it more detailed than it is at present?

Organisation for investigating the claims of industries.

29. If a policy of protection were adopted would you recommend any kind of permanent organization for investigating the claims of various industries to protection from time to time and for the periodical readjustment of tariff rates?

Export duties.

30. What is your view of the proper function of export duties? Do you think that they should be imposed only for the purpose of raising revenue or do you think that they may be utilised for other purposes also?

31. What do you consider generally is the effect of export duties on the export trade? Can they in certain circumstances be imposed without injury to the trade? If so, in the case of what trades in India could this be done, and to what extent?

32. Would you consider it advisable to impose an export duty on a raw material in order to encourage its retention in India either for purposes of manufacture or for any other purpose? If so, please examine instances in which you would recommend such action and consider whether it would have any effect on the producers of the raw material and the amount they would produce.

33. Do you consider that it would be of advantage to India to impose an export duty on foodstuffs with a view to controlling their export and thereby lowering Indian prices and the cost of living? What effect do you consider such action would be likely to have on the agricultural interests and on the quantity of foodstuffs produced in India?

34. Would you consider it advisable to impose an export duty on a raw material in retaliation for an import duty imposed by a foreign country on the manufactured article? If so, please examine cases in which you would recommend such action.

B.—IMPERIAL PREFERENCE.

At present reduced duties are levied by Canada, Australia, South Africa and New Zealand on a number of articles imported from the United Kingdom. In Canada, Australia and New Zealand the preferential duties are usually about ⅔ of the full duty, though the fraction varies considerably both above and below this figure. The South African preference is a small one and is usually only a rebate of 3 per cent. *ad valorem*.

The United Kingdom has recently established preferential rates which are granted to the whole Empire on nearly all articles on which import duties are levied in the United Kingdom. The preferential rate is as a rule either ⅚ or ⅔ of the full rate.

A number of the smaller colonies grant preferential rates to the United Kingdom, and there are also various agreements between different parts of the Empire for mutual preference.

The countries which at present levy a lower rate of duty on certain goods imported from India as compared with the general duty levied on imports from foreign countries are the United Kingdom, Canada and New Zealand.

The articles of interest to India on which such lower duties are levied in the United Kingdom are tea, coffee and tobacco. These are all charged ⅚ of the full rate. In the case of Canada the only Indian Imports of any account are tea, jute cloth and raw hides. There is no duty on raw hides or jute cloth. On Indian tea the rate is 7 cents per lb. as against the rate of 10 cents on tea imported from countries outside the Empire. New Zealand imports from India a small quantity of tea which pays 3*d*. per lb. as against the rate of 5*d*. charged on tea imported from outside the Empire, and a small quantity of candles which are charged 1½*d*. per lb. instead of 2½*d*. Other imports from India into New Zealand are for the most part either free or receive no special treatment.

35. Are you on general grounds favourable to the idea of Imperial Preference? If so, do you think that India would be justified in risking any appreciable economic loss for the sake of Imperial Preference?

36. Would you differentiate between the policy to be adopted towards the United Kingdom and towards other parts of the Empire?

37. Do you anticipate any material loss or gain to India from a system of Imperial Preference? In particular, do you apprehend any likelihood of retaliation by foreign countries against India?

38. If you are in favour of preference, can you give a list of articles imported into India and exported from India to which the policy of preference might be applied? What would you consider a reasonable average rate of preference?

39. What principles would you apply in selecting articles to which preference might be given on import into India? Would you give preference in the case of goods which India hopes in time to manufacture mainly or entirely for herself, or only in the case of goods for which India is likely to have to depend on other countries?

40. If preference were given by raising the import duties on goods coming from foreign countries, the existing rates being maintained for British goods, do you anticipate that this would raise the price to the consumer or not?

41. Do you think that a system of Imperial Preference is likely to increase or diminish the total volume of Indian imports or exports, or to alter appreciably the proportion between them and thus affect the balance of trade?

42. Do you consider that the partial or complete diversion of trade from foreign countries which might result from Imperial Preference would have any effect on India's general trade position?

C.—MANUFACTURES.

43. Are you interested in any industry and if so in what capacity?

44. Do you consider that there are natural advantages for the industry in India? If so, please enumerate them.

45. Do you consider that the industry is essential to the national security or of substantial importance to the economic prosperity of India?

46. What is the state of organization and equipment of the industry in India as compared with that in other countries?

47. On what markets does the industry depend for the sale of its output?

48. What foreign competition (including for this purpose competition from the United Kingdom or other parts of the Empire) does the industry have to meet—

(a) in the Indian market;

(b) elsewhere?

Does this competition extend to all or only to particular classes of goods, and does it vary with different classes of goods?

49. Apart from questions of organization and equipment are there any special circumstances, natural or artificial, which give the competing country an advantage?

50. Do you think that the industry needs protection? If so, what rate of duty do you consider it is necessary to impose? Please give in detail the facts and figures on which you base your conclusions.

51. Do you think it likely that if protection is granted, the industry will eventually reach a level of development which would enable it to face foreign competition without the aid of protection, or do you think the industry will always remain to a greater or less degree in need of protection?

52. Does the industry ever suffer from dumping? If so, do you wish to suggest any remedy?

53. Is competition from other countries accentuated by depressed exchanges in those countries?

54. If so, is this phenomenon likely to be temporary?

55. Do you consider that any remedy is required? If so, what would you suggest?

56. Has the industry received any benefit from the successive enhancements of the tariff beginning in 1916? Can you describe the effects, so far as yet apparent?

57. Do you think the industry has suffered in any way from export duty? If so, please give in detail the facts and figures from which this conclusion is drawn.

58. Is the finished product of the industry used as the raw material for any other industry? If so, to what extent?

59. Does the industry use as its raw material the finished product of any other industry which is established or is likely to be established in India?

60. Would you prefer a system under which all industries would receive a more or less uniform protection, or one under which industries receive varying amounts of protection in accordance with their needs?

D.—EXPORT TRADE.

N.B.—These questions are intended not only for actual exporters, but also for those who produce for export.

61. What articles do you export and to what countries?

62. Are you interested in any of the articles on which export duties are levied? If so, what do you consider has been the effect of these duties?

63. Do you recommend the increase, reduction or abolition of any of the existing export duties?

64. Is the Indian export trade in any way hampered by high import duties imposed in certain countries? If so, do you consider any action feasible or desirable?

65. Do you think the export of any articles in which you deal would be stimulated by a preferential rate granted by the United Kingdom or any of the Dominions or Colonies? If so, what would you consider the minimum rate of preference for each article which would exercise an appreciable effect?

66. Do you consider that the lower duties at present levied on certain imports from India into the United Kingdom or Canada or New Zealand, as compared with the general duty levied on imports from countries outside the Empire, have had or are likely to have any beneficial effects on the Indian trade in those articles?

67. Do you think that any foreign country whose trade might suffer by a system of Imperial Preference would be able without injury to itself, or would be likely even at the cost of injury to itself, to penalise the Indian export trade to that country? If so, what are the Indian exports that might suffer?

68. If owing to a system of Imperial Preference the imports from certain foreign countries diminished, do you consider that this would tend to have any effect on the volume of Indian exports to those countries?

69. If so, would there be an alternative outlet for these exports, without economic disadvantage, within the British Empire or in other foreign countries?

E.—IMPORT TRADE.

70. What articles do you import and from what countries?

71. Have you observed any effects on your trade in particular articles from the year 1916 up to date, which can be ascribed in part or in whole to the changes in the rates of import duty?

72. Do you consider that an appreciable increase in the present tariff rates would seriously diminish the volume of imports? Can you give instances of any important commodities in which such a result is likely to occur?

73. What would you expect to be the effect on the import trade of a preference given to British goods—

(*a*) if the preference were given by maintaining the existing rate for foreign goods and reducing it for British goods;

(*b*) if the preference were given by maintaining the existing rate for British goods and enhancing it for foreign goods; and

(*c*) if the preference were given by a combination of (*a*) and (*b*), *i.e.*, raising the rate for foreign goods and reducing it for British goods?

74. If Imperial Preference were introduced would you recommend that the same preference on the same goods should be granted to all constituent parts of the Empire, or would you treat each part of the Empire separately, taking into account the question of what reciprocal benefits India would receive?

75. Do you think it likely that a system of Imperial Preference would diminish or increase the total import of any class of goods, or would it merely tend to alter the proportion in which that total is derived from foreign and British countries?

76. Would any undesirable results follow from diverting the source of Indian imports from foreign to British countries?

77. If you are favourable to Imperial Preference, to what articles would you be prepared to extend a preference if imported from the Empire or particular parts of the Empire, and what would you suggest as the amount of that preference?

78. Do you approve of the system of *ad valorem* customs duties, or would you prefer that the duty should be specific, *i.e.*, a fixed charge for a given weight or measure? If you prefer the latter system, what are your views on the necessity of readjusting the duties from time to time?

F.—RETAIL TRADE.

79. What are the principal imported goods in which you deal?

80. To what extent can changes in the retail prices of imported goods from 1916 onwards be attributed to the increases in the import duties during that period? Can you give details of any such changes in retail prices with which you are familiar?

81. In the case of any important classes of imports can you give any figures showing to what extent demand diminishes as prices rise?

82. Have the increases in the tariff since 1916 affected your trade in any way?

83. What would you expect to be the effect on your trade if imports from the United Kingdom or from the whole Empire were taxed at existing rates, while the duty on imports from foreign countries was raised?

NOTIFICATION.

No. 9338.—The 11th November 1921.—The following is published for general information.

A. CASSELLS,
Chief Secretary
to the Government of Bengal (offg.).

Indian Civil Service Competitive Examination in India.

The following instructions are provisional, and are subject to modification if this is found necessary.

COPIES MAY BE OBTAINED ON APPLICATION TO THE CHIEF SECRETARY OF THE PROVINCE WITHIN WHICH THE APPLICANT RESIDES.

A competitive examination for the Indian Civil Service will be held in Allahabad in the months of February and March 1922 or about that time.

Quotas.—The London Civil Service Commissioners, who will conduct the examination, state as their opinion based on a wide experience of examinations for the public services, that it is not possible to hold an examination of so important a nature, in which the qualities and defects of each candidate must be individually studied and appraised, satisfactorily, if the number of examinees exceeds 200. It is thought likely that the number of persons wishing to enter for the examination in India will seriously exceed 200, and the Commissioners have accordingly proposed a system under which provincial Committees will be formed to select from among duly qualified applicants 200 candidates for admission to the examination. This procedure has been accepted by the Secretary of State and the Government of India as the most suitable in the circumstances. The 200 examinees will be made up of quotas from the various provinces according to the following table:—

Assam	5
Bengal	33
Bihar and Orissa	22
Bombay	25
Burma	15
Central Provinces	12
Madras *cum* Coorg	33
Punjab *cum* North-West Frontier Province and Delhi ...	25
United Provinces *cum* Ajmer-Merwara	30

In each of the Governor's provinces the local Government will appoint a Quota Committee containing a majority of non-official members and adequate representation of universities, which will choose from among the eligible candidates who have made application those to be admitted to the examination. The local Governments concerned will see to the proper representation of Coorg, the North-West Frontier Province, Delhi, and Ajmer-Merwara on the Quota Committees. The decision of the Quota Committee will be final.

Application.—A candidate is allowed to apply to one Quota Committee only, which must be the committee of the province in which his parents reside or resided or in which he has resided three years or more Residence at a university as a student would not constitute residence for this purpose.

A candidate resident in Coorg must apply to the Madras Quota Committee, a candidate resident in the North-West Frontier Province or Delhi to the Punjab Committee, and a candidate resident in Ajmer-Merwara to the United Provinces Committee.

A candidate resident in an Indian State must apply through his Darbar to the Quota Committee of the province in which he wishes to serve.

The candidate must make application on the prescribed form, which along with this notice may be obtained from the Chief Secretary of any province. The completed Application Form must be sent to the Chief Secretary of the province in which the candidate's Quota Committee will sit in time to reach him on or before 10th December 1921. No application received after that date can be considered.

Nationality.—A candidate must be either a British subject or a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916.

If the candidate (being a British subject) or his father or his mother was not born within His Majesty's dominions and allegiance, the father must at the time of the candidate's birth have been a British subject or the subject of a State in India and still be (or have continued to be until his death) a British subject or a subject of such State.

Age.—A candidate must have attained the age of 21 and must not have attained the age of 23 on 1st August 1922.

Health.—A candidate must be free from disease, constitutional affection, or bodily infirmity unfitting him or likely to unfit him for the Indian Civil Service.

Character.—A candidate must be of good private character.

Degree.—A candidate must hold the Degree of B. A. or B. Sc. of a university incorporated by law in British India or of Mysore University, or the Senior Diploma of Mayo College, Ajmer.

Admission to examination.—For admission to the competitive examination a candidate must be vouched for by a Quota Committee as belonging to their quota.

Warning.—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at school or at the university or otherwise will be disregarded.

Fees.—A candidate will pay a fee of Rs. 5 with his application form and a candidate chosen for admission to the examination will pay a further fee of Rs. 100.

Appointments.—As a result of this exa[illegible] following [illegible]ments will be made, 8 in India and 1 in Burma. O[illegible] of Pol[illegible]s are eligible for the appointment in Burma, and they are not elig[illegible] for the appointments in India. Candidates must obtain such an aggregate of marks as to satisfy the Civil Service Commissioners.

Nature of examination.—The list of subjects and a syllabus of examination showing their range, is appended.

THE EXAMINATION.

From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

In view of the importance of legible handwriting in the public service, deductions which may be of considerable amount will be made from the marks of candidates whose handwriting is not easily legible.

In valuing the work of the candidates the Civil Service Commissioners will give credit for good English in all the 50 subjects of the examination, and not only in subjects 1 and 2 which are specially devoted to the language. Among the qualities of good English may be mentioned orderly, effective and exact expression, combined with due economy of words.

As applications are received by the Government of India from time to time for appointments in the Geological Survey Department from candidates resident in this country, it has been considered desirable that definite rules should be prescribed for dealing with such applications before they are

2. The age of candidates should ordinarily not exceed 25, but this rule may be relaxed in exceptional cases. Every candidate must be in sound bodily health, and will be required on appointment to satisfy a Medical Board appointed by the Government of India of his physical fitness in all respects to perform the duties of the Geological Survey, which involve considerable fatigue and exposure. Unmarried candidates are preferred.

3. Preference will be given to candidates who have served in His Majesty's Forces during the war. Completed years of combatant service will, subject to a maximum of four years, count for pay and promotion, but not for leave, while, as to pension, officers retiring after 20 and less than 25 years' service will be allowed to count a maximum of two years, and those retiring after 25 years' service a maximum of three years.

4. Besides a good general education, a sound education in geology is essential; a University degree and a knowledge of French or German will be regarded as important qualifications; and certificates of good character will be required. Candidates must also have had one or two years' practical training in mines or in technical laboratories, as may be required by the Government of India.

No allowance of the nature of exchange compensation is given.

7. First appointments are probationary for two years, at the end of which time the probationer, if found qualified and retained in the Department, will reckon his service for leave and pension from the date of appointment.

8. Under ordinary circumstances all Assistants, unless they have special claims from previous training and experience elsewhere, will enter the Department in the lowest class.

The annual increase of pay of assistants will in all cases be granted only on the certificate of the Head of the Department that the Assistants so recommended have fully deserved it by the intelligence and zeal with which their duties have been performed.

9. Promotion to the grade of Superintendent will depend on qualifications and merit and on the existence of vacancies in that grade. While local experience and training must always hold a very prominent place in estimating the position or the promotion of Assistants, it must be distinctly understood that mere seniority of service, unaccompanied by proved ability and steady devotion to duty, gives no claim to promotion into the higher grades of the staff of the Survey.

10. The leave, leave allowances, and pensions of officers of the Department are governed by the provisions of the Civil Service Regulations applicable thereto. These regulations are liable to be modified by the Government of India from time to time.

A. CASSELLS,
Chief Secretary to the Government of Bengal (offg.).

No. F.-14[illegible]—I. (Estabts.).

Delhi, the 8th November 1921.

RESOLUTION.

In their report on clause 36 of the Government of India Bill of 1919, the Joint Committee observed—

"The Committee think that every precaution should be taken to secure to the public servants the career in life to which they looked forward when they were recruited, and they have introduced fresh provisions into this clause to that end. If friction occurs, a re-adjustment of persons and places may often get over the difficulty, and the Governor must always regard it as one of his most important duties to establish a complete understanding between his ministers and the officers through whom they will have to work. But if there are members of the service whose doubts as to the changes to be made are so deeply rooted that they feel they cannot [illegible]fully endeavour to take part in them, then the Committee think it [illegible] only be fair to those officers that they should be offered an equivalent career elsewhere, if it is in the power of His Majesty's Government to do so, or, in the last resort, that they should be allowed to retire on such pension as the Secretary of State in Council may consider suitable to their period of service."

The principle embodied in this recommendation, namely, that public servants, the conditions of whose employment have been altered by the constitutional changes introduced by the Act of 1919, could not in certain circumstances fairly be required to continue in the service of the Crown in India, was accepted by the Secretary of State; the detailed orders necessary to give effect to it have since been the subject of prolonged consideration by the Government of India and the Secretary of State; and the Government of India are now in a position to announce the decision of the Secretary of State in Council regarding applications for permission to retire prematurely, and the terms which will be granted to officers whose applications are accepted by the Secretary of State. In framing these terms the object aimed at has been to secure as just a mean as can be devised between an offer which is open to the criticism that few of those in whose interests it is made can afford to avail themselves of it, and one so liberal as to seem unfair to those who are willing to remain and play their part in the new order; and while duly recognising the claims of loyal and meritorious service which might have continued both to the public advantage and to the increasing credit of the officer himself, to avoid any unjustifiable addition to the non-effective charges which have to be met from Indian revenues.

2. The constitutional changes introduced by the Act of 1919 have affected the structure of the central Government and that of the provincial Governments unequally. The central Government is still an official Government responsible to the Secretary of State and to Parliament, and there has been no such alteration in the conditions of service of officers employed under it as would justify a relaxation of the rules governing retirement and pensions. For the present, therefore, and pending any further constitutional developments which may affect the character of the central Government, applications for permission to retire prematurely in consequence of the reforms will be considered only if received from officers who :—

(1) are members of the following services :

(a) the Indian Civil Service;
(b) the Indian Police Service;
(c) the Indian Forest Service;
(d) the Indian Educational Service;

(e) the Indian Agricultural Service;
(f) the Indian Service of Engineers;
(g) the Imperial branch of the Civil Veterinary Department;
(h) officers of the Indian Medical Service in civil employ;
(i) military and other officers holding posts other than listed posts borne on the provincial cadres of any of the above mentioned services; and

(2) are not permanently employed under the Government of India, that is, officers who will not normally serve in future under a provincial Government; and
(3) arrived in India for the first time after joining the service in question on a date antecedent to the 1st January 1920, the Act of 1919 having become law a few days before this date.

3. All applications must reach local Governments before the 31st March 1924, by which date officers will have had ample opportunity to appreciate the effects of the recent constitutional changes, and to arrive at a considered decision. Officers of the services specified who do not apply before that date will not be eligible for a pension on premature retirement in consequence of any constitutional developments which may subsequently take place. In the case of officers serving under the Government of Burma, where the reformed constitution is not yet in force, the period within which applications may be made will be extended beyond the 31st March 1924, to a date which will be announced hereafter, but no officers serving in Burma will be permitted to retire under the terms of this resolution before reforms have actually been introduced in the province. Every application must be accompanied by a certificate in the following form:—

"I consider that the conditions of my service have been radically changed by the introduction of the reformed constitution and in consequence thereof I feel unable to serve the Government of India with advantage to the State. I, therefore, desire to be released from the obligations which I undertook in different circumstances."

Applications when received by local Governments will be forwarded with their recommendations to the Governor-General in Council, and will be transmitted by him to the Secretary of State whose orders will be required before any officer is finally adjudged entitled to the new concessions. The Secretary of State in Council reserves to himself the right to postpone the acceptance of the resignations of officers until suitable arrangements can be made for their replacement. Officers who are not allowed for this reason to retire immediately will be permitted to retire as soon as the exigencies of the service to which they belong permit.

Proportionate pension admissible.

4. The compensation normally to be awarded to an officer who is allowed to retire prematurely will be such pension as is appropriate to the conditions and the period of his service. It would be improper, however, to burden Indian revenues with the payment of a pension to any officer who has not completed 5 years total service and is in view of his age in a position probably to take up a new career in life. But in all services alike such officers will be eligible for a gratuity equal to the number of completed years of total service multiplied by their monthly pay at the date of their retirement. This gratuity will be converted into sterling at the rate of 1s. 9d. per rupee, the ordinary rate for the conversion into sterling of Indian pensions expressed in rupees.

The pension to be allowed to officers who have completed more than 5 years total service will in all cases be based upon the number of completed years of active service and not of total service. Active service will for this purpose be interpreted in the same way as active service for the purposes of pension in article 8 of the Civil Service Regulations, war leave being treated for this purpose as privilege leave. The pensions calculated on this basis which will be admissible to officers in the various services are indicated below. In all cases the letter "n" is used to denote the number of completed years of active service.

(a) *Indian Civil Service.*—The maximum pension of £1,000 is obtainable after 21 years active service. The pension admissible will be £n ÷ 21 × 1,000, subject to a maximum of £1,000 a year.

4. Fundamental rule 58 permits any Government servant to exercise the option of remaining under the leave rules to which he has hitherto been subject, provided that this option is exercised within six months from the 1st January next or, if the Governtment servant is on leave on that date, within six months from his return from leave. As an inducement to Government servants to accept the new rules, the Government of India have obtained the consent of the Secretary of State to the grant of the following concession. On the first occasion hereafter on which any Government servant who accepts the new rules takes leave, he will be permitted, at his option, to draw, during that portion of his leave which corresponds to privilege leave, the pay of the post on which he holds a lien, instead of his average pay without limit.

5. Any Government servant who is on leave on the 1st January next may, if he does not desire to exercise the option of remaining under the old leave rules, cancel the unexpired portion of his leave and substitute for it any period of leave to which he will be entitled under the new rules. This concession will be subject to the condition that it shoul[illegible]erate to secure to the Government servant concerned a larger total peri[illegible]ave on average pay or its equivalent than he would have been able to enjoy had he been subject to the fundamental rules from the commencement of his leave.

GOVERNMENT OF INDIA.

FINANCE DEPARTMENT.

Fundamental Rules

Made by the Secretary of State in Council under section 96B of the Government of India Act.

PART I.

CHAPTER I—EXTENT OF APPLICATION.

1. These rules may be called the fundamental rules. They shall come into force with effect from the 1st January 1922.

2. The fundamental rules apply, subject to the provisions of rule 3, to all Government servants whose pay is debitable to civil estimates in India, and to any other class of Government servants in India to which the Secretary of State in Council may by general or special order declare them to be applicable. In relation to services under its administrative control, other than all-India services, a local Government may make rules modifying or replacing any of the fundamental rules; provided that:—

(*a*) No such rule shall adversely affect any person who is in Government service at the time when the fundamental rules come into force, and

(*b*) any such rule which grants any privilege or concession not admissible under the terms of the fundamental rules, or of the Civil Service Regulations as they stand at the time when the fundamental rules are introduced, shall require the sanction of the Secretary of State in Council.

3. Unless in any case it be otherwise distinctly provided by or under these rules, these rules do not apply to Government servants whose conditions of service are governed by Army or Marine Regulations.

4. The powers specifically granted by these rules to local Governments may be exercised by them in relation to those Government servants only who are under their administrative control. These powers may be exercised by the Governor General in Council in respect of all other Government servants and may be delegated by him, without regard to the limitations of rule 6 and subject to any conditions which he may think fit to impose, to a Chief Commissioner.

5. The power to make rules or general orders conferred upon local Governments by any of these rules shall be exercised after consideration by the Governor with his executive council and ministers sitting together, but the rules and orders so made shall be made by the Governor in Council or by the Governor and Ministers, according as the service affected is attached to a department dealing with reserved or a department dealing with transferred subjects. In the case of services performing duties both in a department dealing with reserved and in a department dealing with transferred subjects, the Governor shall decide by which authority the rules shall be made.

6. A local Government may delegate to any of its officers, subject to any conditions which it may think fit to impose, any power conferred upon it by these rules with the following exceptions:—

(a) All powers to make rules;
(b) the other powers conferred by rules 6, 9 (6) (b), 44, 45, 83, 119, 121 and 127 (c), and by the exception under rule 30.

7. No powers may be exercised or delegated under these rules except after consultation with the Finance Department. It shall be open to that Department to prescribe, by general or special order, cases in which its consent may be presumed to have been given, and to require that its opinion on any [illegible] on which it has been consulted shall be submitted to the Govern[illegible] by the consulting department.

8. The power of interpreting these rules is reserved to the Governor General in Council.

PART II.

CHAPTER III.—GENERAL CONDITIONS OF SERVICE.

10. Except as provided by this rule, no person may be substantively appointed in India to a permanent post in Government service without a medical certificate of health, which must be affixed to his first pay bill. A local Government may make rules prescribing the form in which medical certificates should be prepared, and the particular medical or other officers by whom they should be signed. It may, in individual cases, dispense with the production of a certificate, and may by general order exempt any specified class of Government servants from the operation of this rule.

11. Unless in any case it be otherwise distinctly provided, the whole time of a Government servant is at the disposal of the Government which pays him, and he may be employed in any manner required by proper authority, without claim for additional remuneration, whether the services required of him are such as would ordinarily be remunerated from general revenues, from a local fund or from the revenues of an Indian State.

12. (*a*) Two or more Government servants cannot be appointed substantively to the same permanent post at the same time.

(*b*) A Government servant cannot be appointed substantively, except as a temporary measure, to two or more permanent posts at the same time.

(*c*) A Government servant cannot be appointed substantively to a post on which another Government servant holds a lien.

13. If a Government servant is transferred to duty which there is reason to believe will not terminate within three years, and retains no connection with his substantive post, a local Government may suspend his lien upon that post and fill it substantively, reserving only the right to reverse the arrangements thus made on the return of the Government servant in question. When the Government servant transferred draws pay in a selection grade of a cadre, another Government servant may, subject to the same reservation, be promoted to the selection grade even if no change of duties is involved.

14. Unless his lien is formally transferred or suspended by the local Government, a Government servant holding substantively a permanent post retains a lien on that post or on a post of the same character in the same cadre,—

(*a*) subject to the exception in rule 97, while on leave;

(*b*) while on foreign service or holding a temporary post or officiating in another post;

(*c*) during joining-time on transfer to another post, unless he is transferred substantively to a post on lower pay, in which case his lien is transferred to the new post from the date on which he is relieved of his duties in the old post; and

(*d*) while under suspension.

Note.—In the case of a chaplain, the acceptance during leave of a benefice in the United Kingdom is not acceptance of foreign service for the purpose of sub-clause (*b*) above.

15. A Government servant shall not, save in cases of inefficiency or misbehaviour, be transferred substantively to a post carrying less pay than his relative position in the cadre of the service to which he belongs would justify.

16. A Government servant may be required to subscribe to a provident fund, a family pension fund or other similar fund in accordance with such rules as the Secretary of State in Council may by order prescribe.

17. Subject to any exceptions specifically made in these rules, an officer shall begin to draw the pay and allowances attached to his tenure of a post with effect from the date when he assumes the duties of that post, and shall cease to draw them as soon as he ceases to discharge those duties.

18. After five years' continuous absence from duty, elsewhere than on foreign service in India, whether with or without leave, a Government servant ceases to be in Government employ.

PART III.

CHAPTER IV.—PAY.

19. Subject to the provisions of rules made under section 45-A of the Act, and to any restrictions which the Secretary of State in Council may by order impose upon the powers of the Governor General in Council or the Governor in Council, as the case may be, the fixation of pay is within the com[illegible]n of a local Government; provided that, except in the case of person[illegible] granted in the circumstances defined in Rule 9 (23) (*a*), the pay of a Government servant shall not be so increased as to exceed the pay sanctioned for his post without the sanction of an authority competent to create a post in the same cadre on a rate of pay equal to his pay when increased.

20. When a Government servant is treated as on duty under Rule 9 (6) (*b*) above, the local Government may, if it thinks fit, by general or special order reduce the amount of his pay and allowances.

21. *Time-scale Pay.*—Rules 22 to 29 inclusive and Rule 32 apply to time-scales of pay generally. They do not, however, apply to any time-scale sanctioned by the Secretary of State in Council in so far as they are inconsistent with terms specially so sanctioned for such time-scale.

22. When a Government servant is appointed substantively to a post on a time-scale of pay;—

(*a*) (*i*) if he has not previously officiated in the post, or

(*ii*) if he has officiated in it but his present substantive pay exceeds the pay which he last drew in it,

he will draw as initial pay the pay of the stage in the time-scale next above his present substantive pay, if any, and will draw increments after the periods usually required; and

(*b*) if he has previously officiated in the post, but his present substantive pay does not exceed the pay which he drew when last officiating,

he will draw initial pay equal to that pay, and will count for increment in that stage the period during which he was drawing the said pay.

23. The holder of a post, the pay of which is changed, shall be treated as if he were transferred to a new post on the new pay; provided that he may at his option retain his old pay until the date on which he has earned his next or any subsequent increment on the old scale, or until he vacates his post or ceases to draw pay on that time-scale. The option once exercised is final.

24. An increment shall ordinarily be drawn as a matter of course unless it is withheld. An increment may be withheld from a Government servant by a local Government, or by any authority to whom the local Government may delegate this power under Rule 6, if his conduct has not been good or his work has not been satisfactory. In ordering the withholding of an increment, the withholding authority shall state the period for which it is withheld, and whether the postponement shall have the effect of postponing future increments.

25. Where an efficiency bar is prescribed in a time-scale, the increment next above the bar shall not be given to a Government servant without the specific sanction of the authority empowered to withhold increments.

26. The following provisions prescribe the conditions on which service counts for increments in a time-scale :—

(a) All duty in a post to which a time-scale applies counts for increments in that time-scale.

(b) Officiating service in another post, service in a temporary post and leave other than extraordinary leave count for increments in the time-scale applicable to the post on which the Government servant concerned holds a lien, or would hold a lien had his lien not been suspended under Rule 13.

(c) If a Government servant's tenure of a temporary post is interrupted by duty in another post or by leave other than extraordinary leave or by foreign service, such duty, leave or foreign service counts for increments in the time-scale applicable to the temporary post if the Government servant returns to the temporary post.

(d) Foreign service counts for increments in the time-scale applicable to—

(i) the post in Government service on which the Government servant concerned holds a lien, or would hold a lien had his lien not been suspended under Rule 13, and

(ii) any post to which he may receive officiating promotion under Rule 113 below, for the duration of such promotion.

27. An authority may grant a premature increment to a Government servant on a time-scale of pay if it has power to create a post in the same cadre on the same scale of pay.

28. The authority which orders the transfer of a Government servant as a penalty from a higher to a lower grade or post may allow him to draw any pay, not exceeding the maximum of the lower grade or post, which it may think proper.

29. If a Government servant, who has been reduced to a lower grade or post on account of misconduct or inefficiency, is subsequently promoted or reinstated, his previous service in the grade or post from which he was reduced counts for increments unless the authority promoting or re-instating him declares that it shall not so count either in whole or in part.

30. *Pay of officiating Government servants.*—Subject to the provisions of Chapter VI, a Government servant holding one post substantively, if appointed to officiate in another, may not draw enhanced pay on account of the appointment unless the officiating appointment involves the assumption of duties or responsibilities of greater importance or of a different character. This condition is not fulfilled if the two posts are on the same scale of pay.

Note.—Two posts are said to be on the same scale of pay when they fall within a cadre or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree or responsibility in a service or establishment or group of establishments ; so that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post.

Exception.—In the case of any service, other than an all-India service, which is not organized on a time-scale basis and in which a system of acting promotion from grade to grade is in force at the time of introduction of these fundamental rules, a local Government may waive this condition until such time as the service is next reorganized.

31. Subject to the provisions of Rules 30 and 35, a Government servant officiating in a post will draw the presumptive pay of that post. If, however, the presumptive pay of the post, whether permanent or temporary, which he holds substantively is greater than the presumptive pay of the new post, he will draw pay equal to the presumptive pay of his substantive post.

Note.—If the post in which a Government servant officiates is tenable by a Government servant of any one of several grades or classes in a cadre and the fixation of the pay of all such grades or classes is within the competence of the local Government, the local Government may permit the officiating Government servant to draw the pay of any one of such grades or classes.

32. A Government servant officiating in a post on a time-scale draws as initial pay the stage of the time-scale next above his substantive pay, if any; provided that, if he has previously officiated in the post or in a post in the

same cadre on the same time-scale, his initial pay shall not be less than the pay which he drew when last officiating. All officiating service in any stage of the time-scale, whether continuous or not, counts for increment in that stage. If the presumptive pay of the Government servant's substantive post at any time exceeds the pay calculated under this rule, he will draw pay equal to that presumptive pay.

Note.—In cases where the fixation of the time-scale of pay is within the competence of the local Government the local Government may permit the officiating Government servant to draw the initial pay any stage of the time-scale.

33. When a Government servant officiates in a post the pay of which has been fixed at a rate personal to another Government servant, a local Government may permit him to draw pay at any rate not exceeding the rate so fixed or, if the rate so fixed be a time-scale, not exceeding the lowest stage of that time-scale.

34. If a military officer holding substantively a post in a civil department officiates in a military post, he will draw in the military department the emoluments to which he would have been entitled under military rules had his substantive post been a post under the military department.

35. A local Government may fix the pay of an officiating Government servant at an amount less than that admissible under these rules.

36. A local Government may issue general or special orders allowing acting promotions to be made in the place of Government servants who are treated as on duty under Rule 9 (6) (*b*).

37. *Personal pay.*—Except when the authority sanctioning it orders otherwise, personal pay shall be reduced by any amount by which the recipient's pay may be increased, and shall cease as soon as his pay is increased by an amount equal to his personal pay.

38. *Pay of Official Members of the Indian Legislature.*—A Government servant nominated as a member of the Legislative Assembly or the Council of State shall receive, while serving on the Assembly or the Council, the pay which he would from time to time have drawn had he not been so serving. He shall receive, in addition, such travelling allowance as the Governor General in Council may fix.

39. *Pay of temporary posts.*—When a temporary post is created which may have to be filled by a person not already in Government service, the pay of the post shall be fixed with reference to the minimum that is necessary to secure the services of a person capable of discharging efficiently the duties of the post.

40. When a temporary post is created which will probably be filled by a person who is already a Government servant, its pay should be fixed by the local Government with due regard to—

(*a*) the character and responsibility of the work to be performed, and
(*b*) the existing pay of Government servants of a status sufficient to warrant their selection for the post.

41. A person appointed to a temporary post will draw the pay of that post.

42. *Subsistence Grants.*—A local Government may make a subsistence grant to a Government servant in the following circumstances:—

(*a*) To any Government servant other than a military officer, while under suspension.
(*b*) To any Government servant appointed in the United Kingdom, up to a maximum of two months, if, on first arrival in India, he is prevented by illness from proceeding to the seat of the Government to which he is attached or to any other station to which he is ordered to proceed direct.

43. The amount of subsistence grant shall be regulated as follows:—

(*a*) In the case of—

(*i*) a member of the Indian Civil Service, a statutory civil servant or military commissioned officer subject to the civil leave rules; or
(*ii*) any other Government servant receiving subsistence grant under rule 42 (*b*),

it shall be such as the Secretary of State in Council may by general order prescribe.

(*b*) In the case of any Government servant under suspension, other than a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules, it shall be such as the suspending authority may direct, but shall in no case exceed one-fourth of the pay of the suspended Government servant.

CHAPTER V.—ADDITIONS TO PAY.

44. *Compensatory allowances.*—Subject to any restrictions which the Secretary of State in Council may by order impose upon the powers of the Governor General in Council or the Governor in Council, as the case may be, and to the general rule that the amount of a compensatory allowance should be so regulated that the allowance is not on the whole a source of profit to to the recipient, a local Government may grant such allowances to any Government servant under its control and may make rules prescribing their amounts and the conditions under which they may be drawn.

Note.—Compensatory allowance does not include the grant of a free passage to or from the United Kingdom, which requires the general or special sanction of the Secretary of State in Council; nor, for the purpose of this rule, does it include a sumptuary allowance.

45. *Provision of Residences.*—When Government supplies a Government servant with a residence leased, acquired or constructed at Government expense, the following conditions shall be observed:—

(*a*) The scale of accommodation supplied shall not exceed that which is appropriate to the status of the occupant.

(*b*) Save in the circumstances mentioned in clause [illegible]w, the occupant shall pay rent for the residence, and such rent shall not exceed the standard rent which the local Government may fix for the residence, or 10 per cent. of the occupant's emoluments, whichever is less. Emoluments, for the purpose of this rule, include compensatory allowance other than travelling allowance, whether drawn from general revenues or from a local fund, and pension, if the occupant is in receipt of pension.

Note.—The standard rent shall be calculated as follows:—

(*i*) In the case of leased residences, it shall be the sum paid to the lessor, *plus* such allowance for maintenance and repairs, if these are a charge on the local Government, as the latter may fix.

(*ii*) In the case of residences acquired or constructed by Government, it shall be calculated on the cost of acquiring or constructing the residence, including any capital expenditure incurred after acquisition or construction, together with the cost or assessed value of the site, and shall be a percentage of its cost equal to the rate of interest at which Government is borrowing money in the open market at the time of acquisition or construction, *plus* such allowance for maintenance and repairs as the local Government may fix.

(*c*) Nothing contained in clause (*b*) above shall operate to prevent a local Government from—

(*i*) taking in any particular area a uniform percentage of emoluments, not exceeding 10 per cent., as rent from each Government servant supplied with a residence; provided that, if the uniform percentage taken is less than 10 per cent., the total amount of the standard rent fixed for all residences supplied in that area is thereby recovered; or

(*ii*) taking from any Government servant, who is in receipt of a compensatory allowance granted on account of dearness of living, a rent in excess of 10 per cent. of his emoluments.

(*d*) A local Government may make rules prescribing the principles on which rent shall be assessed in the case of Government servants who are supplied with residences in more than one station, or who, owing to the nature of their duties, occupy Government residences for a part only of the year; provided that—

(*i*) a Government servant, to whom more residences than one are allotted, shall not pay less rent for the total period of occupation in any one year than 10 per cent. of his emoluments for that period, or the total of the standard rents for the period of occupation of each house, whichever is less; and

(*ii*) a Government servant to whom a Government residence is allotted for a part only of the year shall not pay less rent than the amount calculated on that residence under clause (*b*) above for the period of occupation.

(*e*) A local Government may, in very special circumstances for reasons which should be recorded, waive or reduce the amount of rent to be recovered, or grant rent-free accommodation to Government servants who are required to occupy particular houses in order to ensure the proper performance of their duties.

(*f*) The limit of 10 *per cent.* prescribed under clause (*b*) and the uniform percentage of emoluments mentioned in clause (*c*) above have reference to the rent of the building only. Adequate additional rent should be charged for furniture, water-supply and sanitary, heating and electric installations, if these are supplied. Such charges should not be foregone, except in very special circumstances, for reasons which should be recorded.

46. *Honoraria.*—A Government servant may be granted an honorarium from general revenues, or permitted to receive an honorarium or a recurring or non-recurring fee from a private person or body, or from a public body, including a body administering a local fund, or from an Indian State, in return for work performed either within or outside the course of his ordinary duties, when the work is of such exceptional merit or of such an arduous or peculiar nature as to justify a special reward. The reasons for the grant of the honorarium or fee shall be recorded in writing by the sanctioning authority.

47. A local Government may make rules fixing the amounts which may be sanctioned as honoraria or fees by the authorities subordinate to it and specifying the conditions under which they may be granted or accepted.

Note.—This rule does not apply to the acceptance of honoraria or fees by medical officers in civil employ, which shall be governed by such orders as the Secretary of State in Council may issue in this behalf.

48. Any Government servant is eligible to receive without special permission (*a*) the premium awarded for an essay or plan in public competition, or (*b*) any reward offered for the arrest of a criminal or for information or special services in connection with the administration of justice; and also any remuneration or reward payable under any special or local law or in accordance with the provisions of any Act or regulation or rules framed thereunder.

CHAPTER VI.—COMBINATION OF APPOINTMENTS.

49. A local Government may appoint one Government servant to hold substantively, as a temporary measure, or to officiate in, two or more independent posts at one time. In such cases his pay is regulated as follows:—

(*a*) The highest pay, to which he would be entitled if his appointment to one of the posts stood alone, may be drawn on account of his tenure of that post;

(*b*) for each other post he draws such reasonable pay, in no case exceeding half the presumptive pay of the post, as the local Government may fix; and

(*c*) if a compensatory allowance is attached to one or more of the posts, he draws such compensatory allowance as the local Government may fix, provided that such allowance shall not exceed the total of the compensatory allowances attached to all the posts.

CHAPTER VII.—DEPUTATION OUT OF INDIA.

50. Unless the Secretary of State in Council by general or special order otherwise direct, no deputation of a Government servant out of India shall be sanctioned without previous reference to the Secretary of State in Council.

51. When a Government servant is with proper sanction so deputed, his pay and allowances shall, unless the Secretary of State in Council in any particular case otherwise direct, be regulated by the Governor General in Council as follows:—

(a) If the deputation is declared by the Governor General in Council to be under *quasi*-European conditions, the Government servant deputed shall be granted not more than two-thirds of the pay which he would draw if he were on duty in India. The Governor General in Council may relax the limit of two-thirds in the case of a Government servant of Indian domicile. A compensatory allowance also may be granted by the Secretary of State in Council if the deputation is to Europe or America, or in other cases by the Governor General in Council.

(b) If the deputation is declared not to be under *quasi*-European conditions, the emoluments of the Government servant deputed shall be determined by the Governor General in Council with due regard to the provisions of Rule 40 above as though a temporary post had been created.

CHAPTER VIII.—DISMISSAL AND SUSPENSION.

52. The pay and allowances of a Government servant who is dismissed from service cease from the date of such dismissal.

53. A Government servant under suspension is entitled to the following payments:—

(a) If a military officer in civil employ, to the pay and allowances of his military rank.

(b) In any other case, to subsistence grant.

54. When the suspension of a Government servant as a penalty for misconduct is, upon re-consideration or appeal, held to have been unjustifiable or not wholly justifiable; or

when a Government servant dismissed or suspended pending enquiry into alleged misconduct is, upon re-consideration or appeal, reinstated:—

the revising or appellate authority may grant to him for the period of his absence from duty—

(a) if he is honourably acquitted the full pay to which he would have been entitled if he had not been dismissed or suspended and, by an order to be separately recorded, any allowance of which he was in receipt prior to his dismissal or suspension; or

(b) if otherwise, such proportion of such pay and allowances as the revising or appellate authority may prescribe.

In a case falling under clause (a), the period of suspension or dismissal will be treated as a period spent on duty. In a case falling under clause (b), it will not be treated as a period spent on duty unless the revising or appellate authority so direct.

55. Leave may not be granted to a Government servant under suspension.

CHAPTER IX.—COMPULSORY RETIREMENT AND RESIGNATION OF OFFICE.

56. (a) Except as otherwise provided in this rule, a Government servant, other than a ministerial servant, is required to retire on attaining the age of 55 years. He may be retained in service after that age with the sanction of the local Government on public grounds, which must be recorded in writing; but he must not be retained after the age of 60 years except in very special circumstances.

(b) A ministerial servant may be required to retire at the age of 55 years, but should ordinarily be retained in service, if he continues efficient, up to the age of 60 years. He must not be retained after that age except in very special circumstances, which must be recorded in writing, and with the sanction of the local Government.

(c) The following are special rules applicable to particular services:—

(i) A member of the Indian Civil Service, who is not a judge of a Chief Court, must retire after 35 years' service counted from the date of his arrival in India; provided that, if he has held

his post for less than five years, he may, with the sanction of the Governor General in Council, be permitted to retain it until he has held it for that period.

(*ii*) A member of the Indian Civil Service, who is a judge of a Chief Court, must retire on attaining the age of 60 years.

(*iii*) In the case of the officers specified in Rule 9 below, and of the Legal Remembrancer and Secretary to the Legislative Council of the Punjab if he fulfils the conditions prescribed in that rule, the age limit is 60 years.

(*iv*) A civil engineer in the Public Works or Railway Department must retire on reaching the age of 55 years, and may be required by the Governor General in Council to retire on reaching the age of 50 years if he has not attained to the rank of Superintending Engineer; provided that, in the case of Chief Engineers, the local Government may in special circumstances, which should be recorded in writing, grant an extension of service not exceeding three months.

(*v*) A civilian in the Superior Railway Revenue Establishment or the Superior Establishment of the Telegraph Department must retire on reaching the age of 55 years.

Note.—This sub-clause does not apply to members of the first and second divisions of the Superior Telegraph Traffic Branch (other than officers of the old Superior Telegraph Establishment), nor to those of the second division of the Superior Telegraph Engineering and Technical Branches, whose retirement is governed by clause (*a*) of this rule.

(*vi*) The following provisions are applicable to military officers in civil employ :—

(1) Officers of the Indian Medical Service must retire from civil employ at the age of 55 years, provided that—

1. a Director General of the Indian Medical Service may remain in service up to the age of 60 years;
2. Surgeons-General and Inspectors-General of Civil Hospitals may remain in civil employ up to the age of 57 years; and
3. Lieutenant-Colonels, specially selected for increased pay, who entered the service before the 1st April 1911, may remain in civil employ until they complete 30 years' service.

(2) Military officers in the Survey of India Department cease to be in civil employ on reaching the age of 55 years unless granted an extension by the Secretary of State in Council.

(3) Military commissioned officers serving in the Public Works or Railway Department cease to be in civil employ under the same conditions as govern the retirement of civil engineers of those departments. In addition, an officer of the Royal Engineers must retire on attaining the rank of General Officer; provided that, if he is holding a post of Chief Engineer, he may, with the sanction of the Governor General in Council, be permitted to complete a five years' tenure of the post, unless in the meantime he is required to vacate office under some other regulation.

(4) Military officers serving in any department, other than those mentioned in (1) to (3) of this sub-clause, cease to be in civil employ on reaching the age of 55 years; but any such officer, being a military commissioned officer and having held his post for less than five years, may for special reasons, with the sanction of the Governor General in Council, be permitted to retain it until he has held it for that period.

Note 1.—This rule does not apply to a Government servant who is appointed to any post by His Majesty the King Emperor of India, or by the Governor General in Council with His Majesty's approval.

Note. 2.—For the purpose of sub-clauses (i), (*vi*) (3) and (*vi*) (4) of clause (*c*) of this rule officiating tenure of a post shall be included in calculating the period of five years.

57. The resignation of his office by a member of the executive council of the Governor General, of a Governor or a Lieutenant-Governor shall take effect from the date following that of his embarkation at any port in India other than Aden, or from the date of expiry of five years' tenure of office, or from the date of his successor's entry upon office, whichever of

these dates be earliest: His five years' tenure shall begin from the date on which he first entered upon office, whether as a temporary member appointed in India or after the issue of His Majesty's warrant of appointment, but shall not include any period, other than a period spent on leave, during which he draws less than full pay.

PART IV.

CHAPTER X.—LEAVE.

Section I.—*Extent of Application.*

58. Unless in any case it be otherwise distinctly provided in section VI of this chapter, the rules in sections I to V of this chapter apply to all Government servants to whom the fundamental rules as a whole apply; provided that it shall be open to any person who is in Government service at the time when the fundamental rules come into force to exercise the option of remaining under the leave rules to which he has hitherto been subject. The intention of exercising this option must be specifically declared to the local Governments or the Governor General in Council, as the case may be, within six months of the date on which the fundamental rules come into force or, if the Government servant be on leave on that date, within six months of his return from leave. Every Government servant who does not make such a declaration will become subject to the rules in sections I to V of this chapter. The option once exercised is final.

NOTE.—A similar option may be exercised by the Government servants [illegible] in rules 99 and 100.

59. Leave is earned under sections I to V of this chapter by a Government servant holding substantively a permanent post in civil employ, or holding a lien on such post.

60. Leave is earned by duty only. For the purpose of this rule a period spent in foreign service counts as duty if contribution towards leave-salary is paid on account of such period.

61. A military commissioned officer appointed to a post in civil employ becomes subject to these rules under the following conditions:—

(*a*) (*i*) An officer subject, before such appointment, to the Indian Army Leave Rules, becomes subject to these rules from the date of first substantive appointment to a post in civil employ or from the date of completion of three years' continuous officiating duty in such service, whichever is earlier. In reckoning continuous duty—

(1) any period of foreign service, to which transfer was made direct from a civil post, may be included, and

(2) leave does not operate to break continuity unless the officer has to revert to military employ in order to obtain such leave.

Note.—This rule also applies to commissioned officers transferred from the Army Veterinary Department to the Civil Veterinary Department.

(*ii*) A continuous service officer of the Royal Engineers becomes subject to these rules from the date of his entry into permanent civil employ or from the date of his election for continuous Indian service, whichever is later.

(*iii*) A non-continuous service officer of the Royal Engineers, if he elects for these rules, becomes subject to them from the date of his entry into permanent civil employ or from the date of completion of five years' Indian service, whichever is later.

(*b*) Transfer from military service to a post in civil employ, the tenure of which is limited to a definite period, does not entitle an officer to leave under these rules.

62. Except as provided in rule 61, a military officer in civil employ remains subject to military leave rules.

63. When a military commissioned officer subject to these rules is temporarily transferred to military duty, but retains a lien on his post in civil employ, the period of his absence counts as duty for leave under these rules.

64. Unless in any case it be otherwise expressly provided by or under these rules, a Government servant transferred to a service or post to which these rules apply from a service or post to which they do not apply is not ordinarily entitled to leave under these rules in respect of duty performed before such transfer; but a Government servant reverting from duty as Judge of a High Court, or as one of the officers specified in rule 98 below, may count such duty for leave as though it were duty performed in a vacation department; all leave taken during the service concerned being treated as taken under these rules.

65. (*a*) A Government servant who resigns the public service or is discharged from it on reduction of establishment cannot, if re-employed after an interval, count his former service towards leave without the permission of the authority sanctioning the re-employment.

(*b*) A Government servant who is dismissed or removed from the public service, but is reinstated on appeal or revision, is entitled to count his former service for leave, unless the appellate or reviewing authority declares that he shall not so count it in whole or in part.

Section II.—*General Conditions.*

66. A local Government may make rules specifying the authorities by whom leave, other than special disability leave under rule 83, may be granted.

67. Leave cannot be claimed as of right. When the exigencies of the public service so require, discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

68. Leave ordinarily begins on the day on which transfer of charge is effected and ends on the day preceding that on which charge is resumed. When joining time is allowed to a Government servant returning from leave out of India, the last day of his leave is the day before the arrival of the vessel in which he returns at her moorings or anchorage in the port of debarkation. A local Government may, however, make rules defining the circumstances in, and the conditions on, which Sundays or other recognized holidays may be prefixed to leave or affixed to leave or joining time.

69. A Government servant on leave may not take any service or accept any employment without obtaining the previous sanction of—

(*a*) the Secretary of State, if the Government servant is residing in Europe, North Africa, America or the West Indies; and

(*b*) the Governor General in Council, or any lower authority empowered to appoint him, if he is residing elsewhere.

Note.—This rule does not apply to casual literary work, or to Service as an examiner or similar employment; nor does it apply to acceptance of foreign service, which is governed by rule 110.

70. All orders recalling a Government servant to duty before the expiry of his leave should state whether the return to duty is optional or compulsory. If the return is optional, the Government servant is entitled to no concession. If it is compulsory, he is entitled :—

(*a*) If the leave from which he recalled is out of India,—

(*i*) to receive a free passage to India;

(*ii*) to count the time spent on the voyage to India as duty for purposes of calculating leave; and

(*iii*) to receive leave-salary during the voyage to India, and for the period from the date of landing in India to the date of joining his post to be paid leave-salary at the same rate at which he would have drawn it had he not been recalled but returned in the ordinary course on the termination of his leave.

(*b*) If the leave from which he is recalled is in India, to be treated as on duty from the date on which he starts for the station to which he is ordered, and to draw travelling allowance for the journey, but to draw until he joins his post leave-salary only.

71. No Government servant who has been granted leave on medical certificate may return to duty without first producing a medical certificate of fitness in such form as the Governor General in Council, in the case of a Government servant on leave in Asia, or the Secretary of State in Council, in the case of a Government servant on leave elsewhere, may by order prescribe. A local Government may require a similar certificate in the case of any Government servant who has been granted leave for reasons of health, even though such leave was not actually granted on a medical certificate.

72. Unless he is permitted to do so by the authority which granted his leave, a Government servant on leave may not return to duty more than fourteen days before the expiry of the period of leave granted to him.

73. A Government servant who remains absent after the end of his leave is entitled to no leave-salary for the period of such absence, and that period will be debited against his leave account as though it were leave on half average pay, unless his leave is extended by the local Government. Wilful absence from duty after the expiry of leave may be treated as misbehaviour for the purpose of rule 15.

74. (*a*) Subject to any instructions which may be given by the Governor General in Council in connection with the control of the issue of money from treasuries or by the Auditor General in India in order to secure efficiency and uniformity of audit, a local Government may make rules prescribing the procedure to be followed in India—

(i) in making application for leave and for permission to return from leave,
(ii) in granting leave,
(iii) in the payment of leave-salary, and
(iv) in the maintenance of records of service.

(*b*) The procedure to be followed elsewhere than in India will be prescribed by the Governor General in Council.

Section III.—*Special and ordinary Leave Rules.*

75. The conditions governing admission to the benefits of the special leave rules shall be such as the Secretary of State in Council may by general order prescribe. All Government servants not so admitted shall be subject to the ordinary leave rules.

Section IV.—*Grant of Leave.*

76. A leave account shall be maintained for each Government servant in terms of leave on average pay.

77. (*a*) In the leave account of a Government servant, who on his entry into Government service becomes subject to these rules, shall be credited :—

(i) If he be under the special leave rules, five-twenty-seconds of the period spent on duty; and
(ii) if he be under the ordinary leave rules, two-elevenths of the period spent on duty.

(*b*) In the leave account of a Government servant who is already in Government service when he becomes subject to these rules shall be credited :—

(i) If he be under the special leave rules—
(1) the privilege leave which it would, on the date on which he becomes subject to these rules, be permissible to grant to him under the rules in force prior to that date : *plus*
(2) one-eighth of the period spent on duty or on privilege leave prior to that date : *plus*
(3) five-twenty-seconds of the period spent on duty subsequent to that date.

(ii) If he be under the ordinary leave rules—
(1) the privilege leave which it would, on the date on which he becomes subject to these rules, be permissible to grant to him under the rules in force prior to that date: *plus*
(2) one-twelfth of the period spent on duty or on privilege leave prior to that date : *plus*

(3) two-elevenths of the period spent on duty subsequent to that date.

(c) In the case of a military commissioned officer who becomes subject to these rules, the credit under (b) (i) (2) above shall be in respect of the period of his service in India.

Note.—A commissioned officer transferred from the Army Veterinary Department to the Civil Veterinary Department shall be considered, for the purposes of this rule, to have been subject to the Indian Army Leave Rules from the date of his arrival in India on his last tour of service.

(d) Any other Government servant transferred permanently from military to civil employ is entitled to a credit to his leave account based on such portion of his military duty as, under the rules for the time being in force, is permitted to count for pension.

(e) A statutory civil servant or a Government servant who is subject, at the time when these rules come into force, to the Indian Service Leave Rules which were in force in January, 1920, is entitled to credit to his leave account, in addition to the periods admissible under clause (b) above, one-third of any period of leave on medical certificate taken under the former rules.

78. The amount of leave debited against a Government servant's leave account is—

(a) the actual period of leave on average pay, and

(b) half the period of leave on half or quarter average pay or on leave-salary equal to subsistence grant under the note to rule 88.

Note (1).—No privilege leave taken under the former Civil Leave Rules, or by a military officer under the British or Indian Army Leave Rules before coming under civil rules, is to be debited under (a) above.

Note (2) (i)—Under (b) above are to be debited—

(a) Furlough, leave on medical certificate and special leave with allowances taken under either the European Service Leave Rules or the Indian Service Leave Rules as they stood before these rules came into force.

(b) In the case of a military officer, leave in and out of India on less than full pay earned by service in India under the British or Indian Army Leave Rules, but the debit shall not exceed the credit given under rule 77 (c) above.

(ii) In the case of a member of the Indian Civil Service or a military commissioned officer subject to these rules, special leave with allowances taken under rules previously in force, and leave not due taken under these rules, up to a combined maximum of three months reckoned in terms of leave on average pay, shall not be so debited.

Note (3).—In cases covered by rule 77 (d), the leave taken during the period of duty on which the credit to the leave account is based is to be debited as prescribed in notes (1) and (2) above.

79. When a Government servant, who has previously been subject to the ordinary leave rules, is admitted to the benefits of the special leave rules no change shall be made in the amount of leave previously credited and debited to his account, but he shall be entitled to the maximum amount of leave prescribed in rule 81 (a) (i).

80. The amount of leave due to a Government servant is the balance of leave at his credit in the leave account.

81. Leave may be granted to a Government servant at the discretion of the authority entitled to grant the leave, subject to the following restrictions:—

(a) The maximum amount of leave which may be granted, expressed in terms of leave on average pay, is the privilege leave which it would be permissible to grant to the Government servant in question, on the date on which he becomes subject to these rules, under the rules applicable to him prior to that date: *plus* one-eleventh of the period spent on duty subsequent to that date: *plus*—

(i) in the case of Government servants under the special leave rules, three years; or

(ii) in the case of Government servants under the ordinary leave rules, wo and a half years.

(*b*) The maximum amount of leave on average pay which may be granted is :—

(*i*) To a Government servant under the special leave rules, eight months at any one time,
and, in all,—
the privilege leave which it would, on the date on which he comes under these rules, be permissible to grant to him under the rules applicable to him prior to that date : *plus*
one-eleventh of the period spent on duty subsequent to that date : *plus* one year.

(*ii*) To a Government servant under the ordinary leave rules, four months at any one time,
and, in all,—
the privilege leave which it would, on the date on which he comes under these rules, be permissible to grant to him under the rules in force prior to that date : *plus*
one-eleventh of the period spent on duty subsequent to that date : *plus* one year ;
provided that, in the case of a Government servant subject to the ordinary leave rules, who either takes leave on medical certificate or spends his leave elsewhere than in India or Ceylon, the maximum prescribed in sub-clause (*i*) of this clause shall apply.

Note.—In this case of a Government servant who is entitled, under orders previously in force, to privilege leave for more than four months, the number of months to be taken at o[illegible] prescribed in sub clauses (*i*) and (*ii*) above may be increased, on the first occasion when leave is ta[illegible] these rules, by the number of months by which the amount of privilege leave due exceeds four months.

(*c*) Leave not due may be granted subject to the following conditions :—

(*i*) on medical certificate, without limit of amount ; and
(*ii*) otherwise than on medical certificate, for not more than three months at any one time and six months in all, reckoned in terms of leave on average pay.

(*d*) The maximum period of continuous absence from duty on leave granted otherwise than on medical certificate is twenty-eight months.

(*e*) When a Government servant returns from leave which was not due and which was debited against his leave account, no leave will become due to him until the expiration of a fresh period spent on duty sufficient to earn a credit of leave equal to the period of leave which he took before it was due.

82. The following provisions apply to vacation departments only :—

(*a*) A local Government may make rules specifying the departments or parts of departments which should be treated as vacation departments, and the conditions in which a Government servant should be considered to have availed himself of a vacation.

(*b*) Vacation counts as duty, but the periods of total leave in rules 77, 81 (*a*) and 81 (*b*) should ordinarily be reduced by one month for each year of duty in which the Government servant has availed himself of the vacation. If a part only of the vacation has been taken in any year, the period to be deducted will be a fraction of a month equal to the proportion which the part of the vacation taken bears to the full period of the vacation.

(*c*) In cases of urgent necessity, when a Government servant requires leave and no leave is due to him, the periods in rules 77 and 81 (*a*), as reduced by clause (*b*) of this rule, may be increased by one month for every two years of duty in a vacation department.

(*d*) When a Government servant combines vacation with leave, the period of vacation shall be reckoned as leave in calculating the maximum amount of leave on average pay which may be included in the particular period of leave.

83. (*a*) On the conditions specified in clauses (*b*), (*c*) and (*d*) of this rule, a local Government may grant special disability leave to a Government servant who is disabled by injury or illness—

(*i*) in the performance of any particular duty which has the effect of increasing his liability to injury or illness beyond the ordinary risk attaching to the civil post which he holds; or

(*ii*) in, or in consequence of, the due performance of his official duties or in consequence of his official position.

(*b*) The grant of special disability leave is subject to the following conditions:—

(*i*) The disability must be certified by a medical board to be directly due to the performance of the particular duties or to the holding of an official position.

(*ii*) The disability must ordinarily have manifested itself within three months of the performance of the duties or of the occurrence to which it is attributed, and the person disabled must have acted with due promptitude in bringing it to notice. The period of three months may be extended by the Governor General in Council if he is completely satisfied as to the cause of the disability.

(*iii*) The period of leave granted shall be such as is certified by a medical board to be necessary and shall in no case exceed two years. If leave for less than two years is granted in the first instance, it shall not be extended except on the certificate of a medical board.

(*iv*) Special disability leave may be combined with leave on average pay, if due, up to a maximum of four months of such leave, and with leave on half average pay if due and certified by a medical board to be necessary.

(*c*) If a Government servant has contracted such disability while serving with a military force, he shall, in the event of his discharge as unfit for further military service, be eligible for special disability leave on the conditions specified in clause (*b*) of this rule; provided that—

(*i*) he is not reported to be completely and permanently incapacitated for further civil service, and

(*ii*) any period of leave on medical certificate granted to him under military rules on account of the disability is reckoned as part of the period of two years up to which special disability leave may be granted.

(*d*) If a Government servant has contracted such disability during service otherwise than with a military force, special disability leave may not be given unless the injury or illness is, in the opinion of the local Government, so exceptional in character or in the circumstances of its occurrence as to justify such unusual treatment as the grant of this form of leave.

(*e*) Special disability leave may be granted if a disability contracted as in clause (*a*) of this rule is aggravated or reproduced in similar circumstances at a later date, but not more than two years of such leave shall be granted in consequence of any one disability.

(*f*) The period of leave will not be debited against the leave account and will count as duty in calculating service for pension.

(*g*) Leave-salary on such leave will be equal to half average pay, subject to the maxima and minima prescribed in rules 89 and 90.

84. Leave may be granted to Government servants, on such terms as the Secretary of State in Council may by general order prescribe, to enable them to study scientific, technical or similar problems or to undergo special courses of instruction. Such leave is not debited against the leave account.

85. (*a*) In special circumstances and when no other leave is by rule admissible, extraordinary leave may be granted. Such leave is not debited against the leave account. No leave-salary is admissible during such leave.

(*b*) The authority which has the power to sanction leave may grant extraordinary leave as in clause (*a*) in combination with, or in continuation of, any leave that is admissible, and may commute retrospectively periods of absence without leave into extraordinary leave.

(c) When extraordinary leave is granted to a military officer subject to these rules, he will continue to be treated as in civil employ for all purposes until he is placed on military temporary non-effective pay by the order of a medical board. If, after being placed on military temporary non-effective pay, he returns to duty in India, he will have no claim to reinstatement in civil employ.

86. Leave granted to a Government servant should in no case extend more than six months beyond the date on which the Government servant must compulsorily retire, or, if a Government servant is retained in service after that date, more than six months beyond the date on which he ceases to discharge his duties.

Section V.—*Leave-salary.*

87. Subject to the conditions in rules 81, 88, 89 and 90, a Government servant on leave shall, during leave, draw leave-salary as follows :—

(*a*) If the leave is due, leave-salary equal to average pay, or to half average pay, or to average pay during a portion of the leave and half average pay during the remainder, as he may elect; and

(*b*) if the leave is not due, leave-salary equal to half average pay.

Note.—When a non-gazetted Government servant takes leave, his pay at the time of taking leave may be treated as his average pay for the purpose of this rule, if—

(*i*) his pay is less than Rs. 300, or

(*ii*) the leave taken does not exceed one month.

88. After continuous absence from duty on leave for a period of 28 months, a Government servant will draw leave-salary equal to quarter average pay, subject to the maxima and minima prescribed in rules 89 and 90.

Note.—A member of the Indian Civil Service or a military commissioned officer subject to these rules is entitled to leave-salary equal to subsistence grant after this period.

89. Except during the first four months of any period of leave on average pay, leave-salary is subject to the monthly maxima shown in the following table :—

	Average.		*Half Average.*		*Quarter Average.*	
	Outside Asia.	In Asia.	Outside Asia	In Asia.	Outside Asia.	In Asia.
	£	Rs.	£	Rs	£	Rs.
Indian Civil Service and military commissioned officers subject to the special leave rules.	222	2,222	111	1,111	...	...
Other Government servants subject to the special leave rules.	200	2,000	100	1,000	60	600
Government servants subject to the ordinary leave rules.	150	1,500	75	750	60	600

Note 1.—The maximum of average pay does not apply in the case of a Government servant who is entitled, under orders previously in force, to privilege leave for more than four months during a period equal to that for which he is entitled to privilege leave.

Note 2.—The maximum of average pay does not apply to a Government servant serving in a vacation department during a period of leave on average pay equivalent to one month for each year since his last leave during which he has not availed himself of the vacation, and to a proportionate fraction of a month during which he has taken a part only of the vacation ; provided that, in the case of a Government servant who is transferred with leave to his credit from a non-vacation to a vacation department, the local Government shall decide, on the first occasion on which he takes leave after such transfer, the period not exceeding four months for which the maximum limit of leave-salary shall not be applied to him.

90. Subject to the condition that the leave-salary of a Government servant shall in no case exceed his average pay, leave-salary is subject to the monthly minima shown in the following table:—

	Half Average.		*Quarter Average.*	
	Outside Asia.	In Asia.	Outside Asia	In Asia.
	£	Rs.	£	Rs.
Indian Civil Service and military commissioned officers subject to the special leave rules.	55½	555	...	...
Other Government servants subject to the special leave rules ...	33	333	16½	166
Government servants subject to the ordinary leave rules ...	25	250	12½	125

Note 1.—The minima specified above for Government servants other than members of the Indian Civil Service and military commissioned officers apply only when leave is taken or extended out of India.

Note 2.—In the case of a military commissioned officer, the minimum leave salary during such leave as may be added under rule 77 (*b*) to the leave earned by duty under these rules shall be that prescribed by the military rules to which the officer was subject immediately before he came under these rules; and for an officer of the Royal Engineers who was serving under the Indian Army Leave Rules immediately before he became subject to these rules, the minimum shall be the rate prescribed by the leave rules for the Indian Army according to the length of his service for Indian pension. In the case, however, of an officer of the Royal Engineers who was serving under British Army Leave Rules immediately before he became subject to these rules, the minimum for so much of the leave credited as has been earned by service, civil employment shall be at the rate of—

(*i*) £55½ out of Asia and 555 rupees in Asia if he elected for continuous service in India before the 1st February, 1898; or

(*ii*) the amount shown in sub-clause (*i*) or the pay last drawn by him on duty, whichever is less, if he elects to come under civil leave rules after completing five years' service.

Note 3.—A military commissioned officer subject to these rules, who is granted leave on medical certificate in excess of the amount earned by him under both the civil and military rules, may be allowed the civil minimum rate of leave-salary for the period of leave taken in excess of the amount so earned.

91. A Government servant will ordinarily draw leave-salary in rupees if residing in Asia and in sterling if residing out of Asia. Leave-salary drawn in rupees must be drawn in India or, by a Government servant residing in Ceylon, in Ceylon. Leave-salary drawn in sterling must be drawn in London, or, at the Government servant's option, in any British Dominion or Colony which the Secretary of State in Council may by order prescribe; provided that, during the first part of any period of leave on average pay, up to a maximum of four months, a Government servant may, at his option, draw leave-salary in rupees in India, even if he be residing out of India. Leave-salary will be converted into sterling at such rate of exchange as the Secretary of State in Council may by order prescribe.

92. The rupee maxima and minima detailed in rules 89 and 90 are applicable to those Government servants only who reside in Asia during their leave, and the sterling maxima and minima to those who reside elsewhere.

93. A compensatory allowance should ordinarily be drawn only by a Government servant actually on duty, but a local Government may make rules specifying the conditions under which a Government servant on leave on average pay may continue to draw a compensatory allowance, or a portion thereof, in addition to leave-salary during the first four months of his leave. One of these conditions should be that the whole or a considerable part of the expense to meet which the allowance was given continues during leave.

Section VI.—*Exceptions and Special Concessions.*

94. The rules in sections I to V are not applicable to the following Government servants whose leave is governed by the Act or by rules made under other sections of the Act:—

(*a*) Members of the executive council of the Governor General or of a Governor or Lieutenant-Governor.
(*b*) The Chief Justices and other Judges of the several High Courts.
(*c*) The Bishops of Calcutta, Madras and Bombay.
(*d*) The Auditor-General in India.

95. Chaplains, including the Bishops of Lahore, Rangoon, Lucknow and Nagpur, are not subject to the rules in sections I to V of this chapter. Leave is granted to them under such rules as may be made in this behalf by the Secretary of State in Council.

96. The only form of leave which may be granted to a Lieutenant-Governor, whether substantive or officiating, is leave on medical certificate for not more than six months. On resuming his duties after such leave, he may receive leave-salary equal to half his pay for the period of absence. If he does not resume his duties, he may draw the leave-salary to which he would have been entitled under rule 97 had he vacated his post before taking leave.

97. When a member of the Indian Civil Service takes leave on vacating the post of Governor, Lieutenant-Governor or Chief Commissioner or of member of the executive council of the Governor General, or of a Governor or Lieutenant-Governor, his average pay shall be held to be subject to a maximum of 4,000 rupees. Such an officer will not retain, while on leave, a lien on the post which he has vacated.

98. The following provisions apply to pleader judges of the Chief Court of Lower Burma, and to barristers holding the posts enumerated below; provided that, in the case of barristers, they were, on first admission to Government service, appointed to some post in which the local Government has declared it to be necessary on public grounds to employ a barrister :—

(1) Judges of the Chief Court of Lower Burma.
(2) First Judges of Small Cause Courts of Presidency towns.
(3) The Secretary to the Government of India in the Legislative Department.
(4) A Judicial Commissioner or Additional Judicial Commissioner of Oudh or of the Central Provinces.
(5) The Administrator-General and Official Trustee in Bengal, Madras or Bombay.
(6) The Administrator-General, Official Trustee, Official Assignee and Official Receiver in Burma.
(7) A Chief Judge of the Court of Small Causes in Rangoon.
(8) An Additional Judicial Commissioner of Sind.

Such Government servants are entitled to leave on terms similar to those applied to Judges of High Courts by rules made under section 104 of the Act ; provided that—

(*a*) their leave-salary, while on furlough or on subsidiary leave, shall not exceed one-half of the pay which they drew at the time of taking leave ; and

(*b*) if holding one of the posts specified in items (3) to (7) above, they are entitled to leave on average pay, in lieu of the privilege leave admissible under the rules made under section 104, up to one-eleventh of the period of duty performed, on the same conditions as a Government servant serving in a vacation department.

99. The following law officers are entitled to leave under the rules applicable to members of the Indian Civil Service, provided that their pay as Government servants is fixed at a definite rate and that their whole time is retained for the service of Government :—

An Advocate General.
A Standing Counsel.
An Official Trustee or Assignee:
A Receiver of a High Court.
An officer of a High Court holding a post which by law can be held by a barrister only.
A Secretary or Assistant Secretary in the Legislative Department of a local Government.
A Remembrancer, Deputy Remembrancer or Assistant Remembrancer of Legal Affairs.
A Government Advocate or Assistant Government Advocate.
A Clerk of the Crown.
A Government Solicitor.

100. The following provisions apply to military officers in civil employ who remain subject to military leave rules :—

(a) Provided that it is prepared to re-employ him immediately upon the termination of the leave, a local Government may grant to such an officer leave of the following kinds :—

(i) leave on average pay, for four months at a time, up to one-eleventh of the period of duty performed, including uninterrupted duty in military service ; provided that, if privilege leave under military rules has been taken in any calendar year, duty counting for leave on average pay will not commence until the beginning of the following year or from the expiry of six months after the conclusion of such leave, whichever is earlier ; and

(ii) any leave, other than privilege leave, admissible under military rules, either alone or in combination with leave on average pay.

(b) The total period of leave should be regulated by the limits in force under the military rules to which the officer is subject.

(c) Leave may be retrospectively commuted by the authority which granted it into any other kind of leave which was admissible to the officer concerned at the time when it was granted.

101. A local Government may make rules regulating the grant to Government servants under its control of—

(a) maternity leave to female Government servants; and

(b) leave on account of ill-health to members of subordinate services specified in such rules whose duties expose them to special risk of accident or illness.

Such leave is not debited against the leave account.

102. A local Government may make rules regulating the grant of leave on account of ill-health to officers and seamen of Government vessels. Such leave is not debited against the leave account.

103. A local Government may make rules regulating the leave which may be earned by—

(a) temporary and officiating service ;

(b) service which is not continuous ; and

(c) part-time service, or service which is remunerated wholly or partially by the payment of fees or daily wages ;

provided that such rules shall not grant more favourable terms than would be admissible if the service were substantive, permanent and continuous.

104. During their period of probation or apprenticeship, probationers and apprentices are entitled to leave as follows :—

(a) If appointed under contract in the United Kingdom with a view to permanent service in India, or if appointed in the United Kingdom to posts created temporarily with the prospect, more or less definite, of becoming permanent ;—

(i) to such leave as is prescribed in their contracts, or, when no such prescription is made,

(ii) (1) when the period of probation is not less than three years, to the same leave which would be admissible if they held permanent posts ; or

(2) when the period of probation is less than three years, to leave on average pay up to one-eleventh of the period spent on duty, to which may be added, on medical certificate, leave on half average pay ; provided that the total leave granted under this clause shall not exceed three months reckoned in terms of leave on average pay ; and

(b) if appointed otherwise, to such leave as is admissible under rules framed on this behalf by the local Government, subject to the proviso in rule 103.

CHAPTER XI.—JOINING TIME.

105. Joining time may be granted to a Government servant to enable him—

(a) to join a new post to which he is appointed while on duty in his old post; or

(b) to join a new post,—

(i) on return from leave of less than four months' duration, or

(ii) when he has not had sufficient notice of his appointment to the new post, on return from leave other than that specified in sub-clause (i); or

(c) to travel from the port of debarkation and organize his domestic establishment when he returns from leave out of India of more than four months' duration; or

(d) on departure on or return from leave, to proceed from or to the place at which he is posted to or from specified stations, when the place concerned is in a remote locality which is not easy of access.

106. A local Government may make rules regulating the joining time admissible in each of the cases mentioned in rule 105 and specifying the places and stations to which clause (d) of that rule shall apply. Such rules should be framed with due regard to the time required for actual transit and for the organization of domestic establishment.

107. A Government servant on joining time shall be regarded as on duty and shall be entitled to be paid as follows:—

(a) If on joining time under clause (a) of rule 105, he is entitled to the pay which he drew prior to relinquishing charge of his old post, or the pay which he will draw on taking charge [illegible] new post, whichever is less.

(b) If on joining time under clause (b) or (c) of rule 105 he is entitled —

(i) when returning from extraordinary leave, other than extraordinary leave not exceeding fourteen days granted in continuation of other leave; if a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules, to subsistence grant; otherwise, to no payments at all;

(ii) when returning from leave of any other kind; to the leave-salary which he last drew on leave at the rate prescribed for the payment of leave-salary in India:

Provided that the amount of half average pay to be drawn during joining time by a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules returning from leave on half average pay shall be calculated without regard to the limits prescribed in rule 89.

Note 1.—A military officer subject to the military leave rules who retains a lien on his civil post is entitled, on joining time under sub-clause (ii) above, to draw the same amount of leave-salary which he would have drawn had he taken leave under civil leave rules; provided that such leave-salary shall not be less than that which he actually drew during the last portion of his leave.

(c) If on joining time under clause (d) of rule 105, he is entitled to pay as though he were on duty in his post.

Note 2.—A ministerial servant on transfer is not entitled to be paid while on joining time unless his transfer is made in the public interests. A transfer made in consequence of his own misbehaviour does not fulfil this condition.

108. A Government servant who does not join his post within his joining time is entitled to no pay or leave-salary after the end of the joining time. Wilful absence from duty after the expiry of joining time may be treated as misbehaviour for the purpose of rule 15.

PART VII.

CHAPTER XII.—FOREIGN SERVICE.

109. The rules in this chapter apply to those Government servants only who are transferred to foreign service after these rules come into force. Government servants transferred previously will remain subject to the rules in force at the time of transfer.

110. *(a)* No Government servant may be transferred to foreign service against his will.

(b) A transfer to foreign service outside India may be sanctioned by the Governor General in Council.

Note.—The Government of Madras is authorised to transfer to service in Ceylon any Government servant other than a member of an all-India service.

(c) Subject to any restrictions which the Governor General in Council may by general order impose in the case of transfer to the service of an Indian State, a transfer to foreign service in India may be sanctioned by the local Government under which the Government servant transferred in serving.

111. A transfer to foreign service is not admissible unless—

(a) the duties to be performed after the transfer are such as should, for public reasons, be rendered by a Government servant, and

(b) the Government servant transferred holds, at the time of transfer, a post paid from general revenues or holds a lien on such a post.

112. If a Government servant is transferred to foreign service while on leave, he ceases, from the date of such transfer, to be on leave and to draw leave-salary.

113. A Government servant transferred to foreign service will remain in the [illegible] in which he held a post prior to his transfer, and may be given such substantive or officiating promotion in that cadre as the authority competent to order promotion may decide. In giving promotion, such authority will take into account—

(a) the nature of the work performed in foreign service, and

(b) the promotion given to juniors in the cadre.

114. A Government servant in foreign service will draw pay from the foreign employer from the date on which he relinquishes charge of his post in Government service. Subject to any restrictions which the Governor General in Council may by general order impose, the amount of his pay, the amount of joining time admissible to him and his pay during such joining time will be fixed by the authority sanctioning the transfer in consultation with the foreign employer.

115. While a Government servant is in foreign service, contributions towards the cost of his pension must be paid to general revenues on his behalf. If the foreign service is in India, contributions must be paid on account of the cost of leave-salary also. Such contributions shall be paid by the Government servant himself, unless the foreign employer consents to pay them. They shall not be payable during leave taken while in foreign service.

Note 1.—Pensions, throughout this chapter, include bonus if any payable to a Government servant's credit in a provident fund.

Note 2.—In the case of Government servants lent to His Majesty's Government or to British colonies or protectorates, the contribution is payable by the employer, except in the case of Government servants lent to the War Office, whose contributions are paid in accordance with special arrangements with the War Office.

116. Contributions will be calculated on the pay drawn in foreign service. In return for the contributions the Governor General in Council or the local Government, as the case may be, accepts the charge for the pension, and if the foreign service is in India the leave-salary of the Government servant. In calculating leave-salary and pension, the pay drawn in foreign service, less such part of it as may be paid as contribution, will count as pay for the purpose of rule 9 (2).

117. The rate of contributions payable on account of pension and leave-salary shall be such as the Governor General in Council may by general order prescribe.

118. In addition to the contributions prescribed under rule 117, subscribers to any of the following pension funds must pay to Government a contribution equal to one-fourth or one-sixth of the premium paid to the fund :—

(a) Bengal Uncovenanted Service Family Pension Fund. One-fourth.
(b) Bombay Uncovenanted Service Family Pension Fund—
(i) Subscribers who joined the fund on or before the 12th November, 1900 ... ... One-fourth.
(ii) Those who joined after that date ... ... One-sixth.
(c) Bengal and Madras Service Family Pension Fund ... One-sixth.

119. Subject to any general orders of the Governor General in Council, a local Government sanctioning a transfer to foreign service may—

(a) remit the contributions due in any specified case or class of cases, and
(b) make rules prescribing the rate of interest, if any, to be levied on overdue contributions.

120. A Government servant in foreign service may not elect to withhold contributions and to forfeit the right to count as duty in Government service the time spent in foreign employ. The contribution paid on his behalf maintains his claim to pension, or to pension and leave-salary, as the case may be, in accordance with the rules of the service of which he is a member. Neither he nor the foreign employer has any right of property in a contribution paid, and no claim for refund can be entertained.

121. A Government servant transferred to foreign service may not, without the sanction of the local Government, accept a pension or gratuity from his foreign employer in respect of such service.

122. A Government servant in foreign service in India may not be granted leave otherwise than in accordance with the rules applicable to the service of which he is a member, and may not take leave or receive leave-salary from Government unless he actually quits duty and goes on leave.

123. A Government servant in foreign service out of India may, unless special arrangements as to leave have been made on his behalf by the authority sanctioning his transfer, be granted leave by his employer on such conditions as the employer may determine. The leave-salary on such leave will be paid by the employer and the leave will not be debited against the Government servant's leave account.

124. A Government servant in foreign service, if appointed to officiate in a post in Government service, will draw pay calculated on the pay of the post in Government service on which he holds a lien and that of the post in which he officiates. His pay in foreign service will not be taken into account in fixing his pay.

125. A Government servant reverts from foreign service to Government service on the date on which he takes charge of his post in Government service ; provided that, if he takes leave on the conclusion of foreign service before rejoining his post, his reversion shall take effect from such date as the local Government on whose establishment he is borne may decide.

126. When a Government servant reverts from foreign service to Government service, his pay will cease to be paid by the foreign employer, and his contributions will be discontinued, with effect from the date of reversion.

127. When an addition is made to a regular establishment on the condition that its cost, or a definite portion of its cost, shall be recovered from the persons for whose benefit the additional establishment is created, recoveries shall be made under the following rules :—

(a) The amount to be recovered shall be the gross sanctioned cost of the service, or of the portion of the service, as the case may be, and shall not vary with the actual expenditure of any month.
(b) The cost of the service shall include contributions at such rates as may be laid down under rule 117, and the contributions shall be calculated on the sanctioned rates of pay of the members of the establishment.
(c) A local Government may reduce the amount of recoveries or may entirely forego them.

CHAPTER XIII.—SERVICE UNDER LOCAL FUNDS.

128. Government servants paid from local funds which are administered by Government are subject to the provisions of chapters I to XI of these rules.

129. The transfer of Government servants to service under local funds which are not administered by Government will be regulated by the rules in chapter XII.

130. Persons transferred to Government service from a local fund which is not administered by Government will be treated as joining a first post under Government, and their previous service will not count as duty performed. A local Government may, however, allow previous service in such cases to count as duty performed on such terms as it thinks fit.

EDUCATION DEPARTMENT, BENGAL.

NOTIFICATION.

Muhammadan Educational Fund Settlement Scholarships, tenable at the Dacca Intermediate College or Dacca University.

THE Muhammadan officers of the Settlement Department under the late Government of Eastern Bengal and Assam raised a fund named "The Muhammadan Educational Fund," out of which it is proposed to award, on the results of the last Matriculation and Intermediate Examinations, respectively, two junior and two senior scholarships, each of the value of Rs. 90 per annum and tenable for two years, to selected Muhammadan students who do not hold any other kind of scholarship. These scholarships are tenable only in Dacca Intermediate College or Dacca University, and the recipients must be residential students of one of those institutions. In making the award the pecuniary circumstances of the candidates will be taken into consideration. Intending candidates must state in their applications whether they are *bona-fide* natives of the Dacca, Rajshahi and Chittagong Divisions or of Assam, and have studied in a school or college situated in those areas and recognized by the Education Department.

2. Applications should be submitted to the Principal, Dacca Intermediate College, or the Registrar, Dacca University, respectively, through the heads of the institutions from which the candidates have passed the Matriculation or Intermediate Examinations, at once.

HISTORY.

History of India.

The following books on Indian History are recommended to indicate the standard of knowledge required :—

Adharchandra Mookerjee...	A Short History of the Indian people (revised edition, 1921).
R. C. Dutt ...	A Brief History of Ancient and Modern India, brought up to date by J. N. Gupta, M.A., I.C.S.

Wathen and Garret ...	A History of India.
Jogendrachandra Chatterjee ...	Indian Mirror.

Rajanikanta Gupta ...	Bharatbarsher Itihas (History of India in Bengali).

Administration and Progress of India under British Rule.

N. N. Ghosh	... England's Work in India, revised edition, 1921.

GEOGRAPHY.

E. Marsden	... Geography for senior classes, Parts I and II.

The World with fuller treatment of India (Longman's Geographical Series for India, Book II):

F. D. Unstead	... The Practical Geography, Parts I and II.
B. C. Wallis	... Macmillan's Geographical Exercise Book (India).

* Open only to candidates whose vernacular is not this language.

The following books are recommended for the use of teachers :—

Blandford	... The Rudiments of Physical Geography for the use of Indian Schools.
Frew	... A Regional Geography of the Indian Empire (Blackie and Son.)
Wallis	... The Teaching of Geography (Cambridge University Press).
O'Malley	... Bengal, Bihar and Orissa, Sikkim (Macmillan & Co.).

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools :—

A. E. Frye ... The Child and Nature.

Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list :—

I.—(The total cost need not exceed Rs. 65).

(1) A measuring tape.

(2) A magnetic compass.

(3) Squared paper and tracing paper.

(4) Clay, dry sand, paper pulp for modelling.

(5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude, and outlines only of the land masses marked upon it.

(6) A map of the school locality on a scale of 4" or 6"=1 mile.

(7) A map of the district in which the school is situated on the scale 1"=1 mile.

(8) A coloured map of the province.

(9) A coloured political map of India.

(10) A physical map of India.

(11) A relief map of India.

(12) A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand maps, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II.—The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography :—

(1) A thermometer.

(2) A mercury barometer.

(3) A rain-guage.

(4) A small collection of typical rocks, in particular those of the province and India.

(5) A small museum of typical products.

(6) A good standard atlas.

(7) Geographical pictures.

(8) Magic-lantern and slides.

1. The attention of teachers is requested to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Datta, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5 respectively.

2. Globes of all kinds are made by George Philip and Son, London, W. and A. K. Johnston, London, and Messrs. Ruddiman Johnston, London. Small hand Globes of German make can be obtained through the Indian School Supply Depôt for about a rupee each.

3. The "Comparative" series of large wall maps of the continents published by George Philip and Son is good and up to date; so also are the Orographical wall maps published by Edward Standford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District maps: also ordinary and relief maps of the province.

Babu L. M. Basu, the drawing master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablche French wall maps on strong cardboard, named on one side, and the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

4. The hand-maps, coloured to indicate relief published by the Diagram Company West Barnes Lane, New Malden, Surrey, at one penny each are the best of their kind.

The uncoloured half penny maps, showing river systems and a few towns, published by the same Company are excellent for class use.

The Autograph hand maps, with hill shading in brown, published by Messrs. Edward Standford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15-inch map of the world on Mollweide's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds. Messrs. Hachette of Paris and Messrs. Holzel of Vienna, and Messrs. Longmans Green and Company. The cost, delivered in India. from two to three rupees each.

Map lantern slides and view sides especially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Bartington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

ELEMENTARY MECHANICS.

The following books are recommended :—

Sir Philip Magnus	...	Elementary Mechanics (Longmans, 1903).
A. N. Sen ...	...	Elementary Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination :—

Simple lever (including brass slotted weight).
Roman steel yard.
Lecture apparatus for experiments on movements.
George's New Atwood's Machine.
Stop-watch.

Inclined Plane.
Parallelogram of Forces apparatus.
Wall Crane.
Becker's New Physical Balance.
Set of Gramme Weights (200 grams to 1 mgr.).
2 Composition-ivory Balls,

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will propably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates, illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account or working in pairs.

The normal surplus which may be expected in future, i.e., the difference between the average ordinary income and the average ordinary expenditure calculated on the figures in columns 13 to 15 and 17 to 19, respectively.	Remarks.
20	
Rs. 2,625.	

In addition to the details required on the reverse clear information should be given below under the following heads :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loans, the particular steps which the borrowing body has taken or has agreed to take in order to make good the deficiency.	The ordinary surplus, which was actually more than Rs. 11,000 on the 31st March 1921, and which on the last day of the current financial year is expected to be about Rs. 9,000, is sufficient to meet the charges of the proposed as well as existing loans. Thus there will be no difficulty in paying the two instalments of Rs. 1,407-3-6 each for the proposed new loan.
(*b*) The reserve of taxation or other possible means of increase in the revenue of the local body.	The number of house connections is increasing daily and meters have been introduced and so there is every possibility of getting at least Rs. 2,000 from this head from the next year, if not from the current. The rents of holdings have increased much, and so there will be a considerable increase in the demand at the next revised assessment which will be given effect to from the 1st April 1925.
(*c*) A statement of all outstanding loans as well as the annual charges involved on this account.	Outstanding balance on 31st May 1921 of the several loans taken from Government amounted to Rs. 1,50,008-5-10. Annual charges on account of principal and interest of loans are as follows :—

Loans of—

Rs.	
1,12,000 ...	Rs. 8,188-7-8 in two instalments up to 1st February 1933.
63,000 ...	Rs. 4,605-15-10 in two instalments up to 15th May 1934.
30,000 ...	Rs. 4,032-15-4 in two instalments up to 1st October 1929.

The balance will be nil after payment of the principal and interest on 15th May 1934 if not other loans are taken.

(vi) The said promissory notes shall be absolutely payable in any event and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

(ix) The opium advertised for sale shall be paid for not later than 3-30 P.M. of the fifteenth day after the day of sale, provided it does not fall on a Saturday if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as Government shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased; forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

(x) Purchasers taking out certifica[illegible] orders [illegible] the delivery of opium, after making full payments as above pre[illegible] for [illegible] have the option of naming the number of lots of their purchase, whic[illegible] may desire to be included in each certificate or order; and it is to be [illegible] understood that the certificates or orders so taken out shall be considered [illegible] and [illegible] afterwards changeable for other certificates or orders authorising [illegible] delivery of single lot or of a different number of lots or chests, whether more or less than the number of lots or chests ordinarily required to be included in each certificate or order.

(xi) No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(xii) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India notes, receipts of the Imperial Bank of India or Government securities a sum equal to the amount for which a promissory note would otherwise be taken under the fifth of these conditions.

(xiii) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any

unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 4,500 specified in the second of these conditions.

(xiv) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of opium not exceeding altogether ten lots, provided always that there remain a sufficient number of lots of the opium to complete the said ten.

(xv) In the event of any dispute of difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

5. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal:—

No. 1.—Certificate of the opium advertised for sale.
No. 2.—Report of the examination of such opium.

6. The public are hereby informed that in providing the investment of the opium manufactured at the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Ghazipur Factory, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

7. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred, on reference to chest, after the sale and delivery of the opium for shipment.

By order of the Governor in Council,

Secretary to the Government of Bengal.

Presentation of claims. General provisions.

3. (1) Claims in respect of notes, of which the denomination does not exceed ten rupees, shall be presented to the currency officer in charge of the Calcutta office of issue:

provided that—

(*i*) claims in respect of mutilated notes of the denominations of one rupee and two and half rupees may be presented at any office of issue and shall be dealt with at the office of issue at which they are presented;

(*ii*) claims in respect of notes of the denominations of five and ten rupees issued prior to July 1919 shall be presented and dealt with at the office from which the notes were originally issued.

(2) Claims in respect of notes, of which the denomination exceeds ten rupees, shall be presented to the currency officer in charge of the office of issue, to which such note appears to belong.

(3) When a claim has been presented to a currency officer, who is not authorised to entertain it under these rules, such officer shall return the note to the presenter and refer him to the officer to whom it should be presented under these rules.

Limitation in respect of time.

4. If it appears to the currency officer, to whom a claim is presented under these rules, that such claim was not made by the claimant within twelve months of the time when it might first have been made by him, he shall not entertain such claim unless authorised to do so by the Deputy Controller.

Limitation in respect of value.

5. (1) No claim in respect of a note alleged to have been lost or wholly destroyed shall be entertained unless the denomination of such note exceeded ten rupees.

(2) No claim in respect of a half or mismatched note shall be entertained unless such half note, or one of the half notes comprising the mismatched note, is part of a note of which the denomination exceeded two and a half rupees.

Power to dispose of claims.

6. All claims under these rules shall be dealt with in the following manner, namely :—

(*a*) An enquiry shall be held by the currency officer to whom the claim was presented and such officer shall submit the results of his enquiry to the Deputy Controller, to whom he is subordinate, and such Deputy Controller shall thereupon pass orders in accordance with these rules disposing of the claim;

provided that, with the previous consent of the Controller, the Deputy Controller may delegate to any currency officer subordinate to him the power to pass orders disposing of claims or classes of claims arising otherwise than in respect of lost or wholly destroyed notes.

(*b*) If in the course of an enquiry the enquiring officer requires the claimant to furnish him with any information relating to the claim and the claimant fails, without reasonable cause in the opinion of such officer, to comply with such requisition within three months, such officer may reject the claim.

Claims to the value of mutilated notes of a denomination not exceeding ten rupees.

7. Claims to the value of a mutilated note of a denomination not exceeding ten rupees shall be rejected, unless the portion presented is in the opinion of the enquiring officer clearly more than half of the note, and unless the number of the note is identified on it by the enquiring officer:

provided that, if the note has been joined, the claim shall be rejected, unless the enquiring officer is satisfied that each portion is part of the same note.

Claims in respect of mutilated notes of a denomination exceeding ten rupees.

8. Claims to the value of a mutilated note of a denomination exceeding ten rupees shall be rejected and the note shall be stamped with the prescribed stamp and returned to the claimant, excepting when the number of the note on examination is identified with certainty by the enquiring officer as one of not more than six numbers:

provided that, if such number, though not capable of such identification, is declared by the claimant, the claim shall be dealt with under rules 13 and 15 as a claim to the value of a wholly destroyed note:

provided further that, if, in any case where the claimant is unable to declare the number, the enquiring officer is of opinion that the number may be identified within a reasonable period, he may permit the claimant to leave the note in deposit with a view to future identification.

9. If a mutilated note has been identified with certainty by the enquiring officer as one of not more than six numbers, he may pass orders—

(*a*) ordering the claim to be paid at once, or

(*b*) ordering the claim to be treated as one on half note.

Proceedings in respect of mutilated notes placed in deposit.

10. (1) The enquiring officer shall enter the particulars of any mutilated note placed in deposit under rule 8 in a register to be maintained in this behalf, and shall give a receipt to the claimant in respect of such note.

(2) Where the number of a note so placed in deposit is not identified within a period of three years to the extent specified in rule 8, the claim shall be rejected and the note shall be stamped and returned to the claimant, or, if the claimant cannot be found, shall be destroyed.

Claims in respect of mismatched notes.

11. (1) Claims in respect of a mismatched note shall be deemed to be separate claims in respect of each half thereof, and shall be dealt with as provided in this rule.

(2) If, when the claim is made, the counterpart has not been presented, the half note shall be placed in deposit, and, if within a period of one year from the presentation of the claim—

(*a*) the counterpart is presented and no claim for the full value is made in respect thereof, or

(*b*) the counterpart is not presented,

half the value of the note may be paid to the claimant on the presentation of the counterpart or on the expiration of the period of one year, as the case may be.

(3) If, when the claim is made, the counterpart of the half note has already been presented and no claim to the full value of the note has been made in respect of such counterpart under rule 12, or if such claim has been presented and rejected, half the value of the note may be paid to the claimant forthwith.

(4) If, when the claim is made, the counterpart has already been presented and the full value of the note has been paid thereon under the provisions hereinafter contained, the claim shall be rejected.

(5) If, when the claim is made, the counterpart has already been presented and a claim to full value in respect thereof is under enquiry under rule 13 or rule 14 or, if such claim is made on presentation of the counterpart, while the half note is in deposit under sub-rule (*2*), the claims shall be considered together.

(6) Notwithstanding anything contained in this rule no payment shall be made in respect of a half of a mismatched note which is not of a higher denomination than two and a half rupees in respect of which a claim made under rule 8 or 12 is liable to be rejected.

Claims in respect of obliterated or altered notes or half notes.

12. Claims is respect of an obliterated or altered note or half note shall be rejected unless the enquiring officer is satisfied as to the identity of such note or half note and that the note or half note has not been fraudulently altered so as to appear to be of a higher denomination.

Enquiry into claims, in respect of half notes or notes lost or wholly destroyed for full value of the note.

13. (1) Claims to the full value—

(*a*) of a note of which half only is presented by the claimant, or

(*b*) of a note which is alleged to have been lost or wholly destroyed,

shall be accompanied by a signed statement or, if the enquiring officer so directs by an affidavit, made by the claimant to the effect that he was the last lawful holder of the entire note and containing a full description of the circumstances attending the loss or destruction of the missing half or of the note, as the case may be, and by a statement obtained from the police or postal authorities of the result of the enquiry, if any, held by them.

(2) On receipt of such claim, the enquiring officer, after considering the statements furnished and affidavit, if any, and after making such further enquiry, if any, as he may consider necessary, shall, unless he is empowered under the proviso to rule 6 (*a*) to dispose of the case, submit the record to the Deputy Controller for orders, together with his opinion as to the results of the enquiry.

Orders on claims to full value, based on half notes.

14. If the enquiry has been made in respect of a claim under rule 13 (1) (*a*) the Deputy Controller on receipt of the record from the enquiring officer, or the enquiring officers, if empowered under the proviso to rule (6) (*a*), may pass orders—

(*a*) rejecting the claim, or

(*b*) ordering the claim to be paid at once, or

(*c*) ordering that, unless a subsequent claim in respect of the same note is successful in the meantime, the claim be paid on expiration of a period, which shall ordinarily be not less than six months from the date of the order:

provided that, if the claim is made by any person other than a Government servant acting in his official capacity, no order shall be passed for immediate payment of the claim unless the officer empowered to pass such order considers that the facts relating to the claim are not in doubt:

provided further that the Deputy Controller or enquiring officer, as the case may be, when making an order for payment either at once or at the expiration of the period specified in the order under clause (*c*), shall require as a condition of payment that the claimant, if other than a Government servant acting in his official capacity, shall, before payment is made, execute a bond with or without sureties in the form set out in Schedule I or II, as the case may be.

Orders on claims in respect of notes lost or wholly destroyed

15. (1) If the enquiry has been made in respect of a claim under rule 13 (1) (*b*) and the Deputy Controller on receipt of the record is not satisfied that the note has been wholly destroyed or lost in such circumstances that there is no probability of its being presented at some future date for payment, he shall reject the claim.

(2) If after considering the record of such inquiry he is so satisfied, and is further satisfied that the claimant was the last lawful holder of the note, he shall cause to be published in the *Gazette of India* and in three successive issues of the local official Gazette a notification stating the particulars of the note alleged to have been lost or destroyed, and the name of the claimant, and calling upon any person having a claim in respect of such note to submit the same forthwith.

(3) If on the expiration of two years from the date of the first publication under sub-rule (2) the note has not been presented, the Deputy Controller may order an amount equivalent to the value of the note to be invested in Government securities, or to be deposited in the Post Office Savings Bank.

(4) If on the expiration of a period which shall be determined by the Deputy Controller, but which, unless the Governor General in Council otherwise directs, shall be not less than five years from such first publication, the note has not been presented and no subsequent claim in respect of the same has been substantiated, the Deputy Controller shall order the securities referred to in sub-rule (3), or the deposit in the Post Office Savings Bank, as the case may be, with the interest which has in the meantime accumulated thereon,

to be delivered to the claimant, or, if the claimant is dead, to his legal representative, on a bond, with or without sureties, executed in the form set out in Schedule III or IV, as the case may be.

(5) If, prior to the expiration of such period, a subsequent claim in respect of the note is substantiated, the delivery specified in sub rule (4) shall be made, on the condition therein specified, to the person making such subsequent claim, or, if such person is dead, to his legal representative:

Provided that, if the note, said to have been lost or destroyed, is produced before the expiration of such period either by the claimant or by any other person, the proceedings under these rules in respect of such note shall be cancelled.

Surety bonds to be executed on printed forms supplied by the Currency Department.

16. The bonds referred to in the second proviso to rule 14 and in sub-rule (4) of rule 15 shall be executed on printed forms to be supplied by the Currency Department in this behalf and containing the particulars set out in Schedule I, II, III or IV, as the case may be, and the value of the stamp on any such bond shall be recovered from the person executing the same.

Retention of notes presented in prosecution of a claim.

17. Save as otherwise provided in rules 8 and 10, notes presented in prosecution of a claim will be retained by Government, whatever be the decision on the claim.

Value of notes to be credited to Government in certain cases.

18. Where, as the result of a decision on a claim under these rules, the value or part of the value of any note is payable to the claimant, and such claimant, or, if such claimant is dead, his legal representative, cannot be found, or where within a period of three months from the communication to him of the decision the claimant, or, if such claimant is dead, his legal representative, takes no step to receive payment, the amount payable to him shall be credited to Government.

GEOLOGY AND MINES ESTABLISHMENT.

Dated Delhi, the 26th November 1921.

RESOLUTION.

THE following Rules to govern appointments in India to the Department of Mines in India are published for general information.

Order.—Ordered that a copy of the foregoing Resolution be forwarded to all Local Governments and Administrations, the Chief Inspector of Mines in India, the Director, Geological Survey of India, and the Accountant-General, Central Revenues, for information, and that it be published in the Supplement to the *Gazette of India*.

J. C. B. DRAKE,
Secretary to the Government of India.

Rules governing appointments in India to the Department of Mines in India.

1. Applications for appointment should be made on a printed form to be obtained from the Secretary to the Government of India, Department of Industries, and should be addressed to the Secretary to the Government of India in that Department.

2. Appointments are made as occasion may require by the Government of India on the recommendation of a Selection Committee appointed by the Government of India. The Selection Committee shall consist of—

(*a*) The Secretary to the Government of India, Department of Industries, } *Ex-officio.*
(*b*) The Chief Inspector of Mines in India, }

(c) A representative nominated by the Indian Mining Association,

(d) A representative nominated by the Indian Mining Federation, and

(e) A non-official member of the Indian Legislature nominated by the Government of India.

Candidates must, if required, attend at their own expense at such place as may be appointed by the Selection Committee for a personal interview; they must also undergo such tests, oral or written, as the Selection Committee may consider necessary in each case.

Every candidate must be a British subject and his father must have been at the time of his birth, and must have since continued to be, a British subject, but power is reserved to the Government of India to make exceptions in special cases.

Candidates should not ordinarily be under 25 or over 30 years of age, but in exceptional cases candidates of an age exceeding 30 years may be accepted. Every candidate must be in sound bodily health and will be required on appointment to satisfy a medical board appointed by the Government of India of his physical fitness in all respects to perform the duties of the Department of Mines.

3. Preference will be given to candidates who have served in His Majesty's Forces during the war. Completed years of combatant service after attaining the age of 25 will, subject to a maximum of 4 years, count for pay, promotion and pension but not for leave. War service will not, however, be included in total service for the purpose of Article 408, Civil Service Regulations, or be allowed to count in addition to the pensionary concessions announced in Part II, Clause (3) of the Government of India (Finance Department) Resolution No. 1085-E.A., dated the 15th November 1919.

4. Candidates must possess, in addition to a good general education, either a degree in mining at a recognized college in England or must have served a regular pupilage under a recognized consulting mining engineer or mine owner.

5. The present sanctioned establishment and pay of the Department of Mines are as follows :—

4 Junior Inspectors	Rs. 750—30—1,200
2 Inspectors	Rs. 1,500—50—1,750
Chief Inspector	Rs. 2,000—100—2,500

No exchange compensation or house allowance is given.

6. Pay commences from the date of appointment to the Department. Travelling allowances in respect of journeys performed on duty are governed by the rules laid down in the Civil Service Regulations.

7. First appointments to the Department of Mines are ordinarily made in the grade of Junior Inspectors and are probationary for two years, at the end of which time the probationer, if found qualified and retained in the Department, will reckon his service for leave and pension from the date of appointment.

8. In ordinary circumstances all Junior Inspectors, unless they have special claims on account of previous training and experience elsewhere, will enter the Department in the lowest class.

The annual increase of pay of Junior Inspectors will be granted only on the certificate of the Head of the Department that the officers so recommended have fully deserved such increase by the intelligence and zeal with which their duties have been performed.

9. Promotion to the grade of Inspector of Mines will depend on qualification and merit and on the existence of vacancies in that grade. While local mining experience and training must always hold a very prominent place in estimating the position on the promotion of Junior Inspectors, mere seniority of service unaccompanied by proved ability and steady devotion to duty, gives no claim to promotion to the grade of Inspector.

10. The leave, leave allowances and pensions of officers of the Department are governed by the provisions of the Civil Service Regulations applicable thereto.

11. These regulations are liable to be modified by the Government of India from time to time.

JUDICIAL.

INABILITY OF GOVERNOR GENERAL IN COUNCIL TO ACCEPT THE RESOLUTION *RE* THE SEPARATION OF JUDICIAL AND EXECUTIVE FUNCTIONS ADOPTED BY THE LEGISLATIVE ASSEMBLY.

Delhi, the 7th December 1921.

RESOLUTION.

The Governor General in Council has had under his consideration the resolution relating to the separation of judicial and executive functions, which was adopted by the Legislative Assembly on the 20th September 1921, on the motion of Rai Bahadur T. P. Mukerjee. The resolution was in the following terms :—

"This Assembly recommends to the Governor General in Council that judicial and executive functions should be separated and steps should be taken to appoint a committee consisting of officials and non-officials for preparing a scheme for the purpose at an early date."

2. The attitude of the Government of India towards the subject of the resolution was fully explained by the Hon'ble the Home Member in the course of the debates on the resolution in the House. It was explained that the subject was a Provincial one, and that the Government of India were not prepared to ask local Governments to submit schemes for separation which they may not have the funds to finance. On the other hand if any local Government or Governments decided to take up the question and submitted proposals for separation, the Governments of India would be prepared to proceed with the legislation necessary to carry the schemes into operation and would, further, be ready, if necessary, to appoint a committee to ascertain what would be the best method of legislating on the subject. It was pointed out in the Assembly that the Governments of Bengal and the United Provinces had already decided to appoint committees to consider the question in relation to their own Provinces, and that the Madras Provincial Council had last year considered and rejected a similar proposal.

3. On further consideration the Governor General in Council does not find sufficient grounds to resile from this position, and he is therefore unable to accept the resolution adopted by the Legislative Assembly. At the same time he desires to reiterate that if any Province decides on the separation of judicial and executive functions and makes proposals to that end, the Government of India will facilitate the passing of such legislation as may be required for carrying them into effect.

ORDER.—Ordered that the above resolution be communicated to all local Governments and Administrations for information, and that it be also published in the Supplement to the *Gazette of India*.

CHAPTER I.—Grades of Government Servants.

Section I.—Distribution into grades.

General rules.

1. For the purpose of calculating travelling allowance, Government servants are divided into four grades, as follows:—

(*a*) The first grade includes all Government servants in receipt of pay exceeding Rs 600.
(*b*) The second grade includes all Government servants in receipt of pay exceeding Rs. 125 but not exceeding Rs. 600.
(*c*) The third grade includes all Government servants in superior service, except forest guards, in receipt of pay not exceeding Rs. 125.
(*d*) The fourth grade includes forest guards and all Government servants in inferior service.

NOTE.—Any individual Government servant who held, prior to the introduction of these rules, a post on progressive pay and was included, in view of the maximum pay of such post, in a grade higher than that to which he is entitled under this rule, shall not be reduced in grade unless he is reduced to a lower post.

Special concessions.

2. A competent authority may, for reasons which should be recorded, order that any Government servant or class of Government servants shall be included in a grade higher than that prescribed in rule 1.

Government servants in transit from one post to another.

3. A Government servant in transit from one post to another ranks in the grade to which the lower of the two posts would entitle him.

Part-time Government servants, etc.

4. A Government servant whose whole time is not retained for the public service, or who is remunerated wholly or partly by fees, ranks in such grade as a competent authority may declare.

CHAPTER II.—The different kinds of Travelling Allowance.

Section II.—General.

General rule.

5. The following are the different kinds of travelling allowances which may be drawn in different circumstances by Government servants:—

(*a*) Permanent travelling allowance.
(*b*) Conveyance or horse allowance.
(*c*) Mileage allowance.
(*d*) Daily allowance.
(*e*) The actual cost of travelling.

The rules in this chapter explain the nature of these allowances and the method of calculating them. The circumstances in which they can be drawn for particular journeys are described in Chapters III to V.

Section III.—Permanent travelling allowance.

Conditions of grant.

6. A permanent monthly travelling allowance may be granted by a competent authority to any Government servant whose duties require him to travel extensively. Such an allowance is granted in lieu of all other forms of travelling allowance for journeys within the Government servant's sphere of duty and is drawn all the year round, whether the Government servant is absent from his headquarters or not.

When inadmissible.

7. A permanent travelling allowance cannot be drawn during joining time nor, unless in any case it be otherwise expressly provided in these rules, during any period for which travelling allowance of any other kind is drawn. Its drawal during leave is governed by rules made under fundamental rule 93.

Combination of posts.

8. When a Government servant holds, either substantively or in an officiating capacity, two or more posts to each of which a permanent travelling allowance is attached, he may be granted such permanent travelling allowance, not exceeding the total of all the allowances, as the competent authority may consider to be necessary in order to cover the travelling expenses which he has to incur.

Section IV.—Conveyance and horse allowance.

Conditions of grant.

9. A competent authority may grant, on such conditions as it thinks fit to impose, a monthly conveyance or horse allowance to any Government servant who is required to travel extensively at or within a short distance from his headquarters under conditions which do not render him eligible for daily allowance. The competent authority should also decide at the time of granting the allowance if a Government servant should give, for purposes of audit, a certificate of possession of a means of conveyance.

When drawn.

10. Except as otherwise provided in these rules and unless the authority sanctioning it otherwise direct, a conveyance or horse allowance is drawn all the year round, is not forfeited during absence from headquarters and may be drawn in addition to any other travelling allowance admissible under these rules; provided that a Government servant, who is in receipt of a conveyance allowance specifically granted for the upkeep of a motor-car or motor-cycle, shall not draw mileage or daily allowance for a journey by the motor car or motor-cycle, except on such conditions as the authority which sanctions the conveyance allowance may prescribe.

During leave and joining time.

11. A conveyance or horse allowance may not be drawn during joining time. Its drawal during leave is governed by rules made under fundamental rule 93.

Section V.—Mileage allowance.

Sub-section (I).—General.

Definition.

12. A mileage allowance is an allowance, calculated on the distance travelled, which is given to meet the cost of a particular journey.

Principles of calculation.

13. (*a*) For the purpose of calculating mileage allowance, a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short; provided that, when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.

(b) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. In case of doubt, a competent authority may decide which shall be regarded as the shortest of two or more routes.

(c) If a Government servant travels by a route which is not the shortest but is cheaper than the shortest, his mileage allowance should be calculated on the route actually used.

Special concessions.

14. A competent authority may, for special reasons which should be recorded, permit mileage allowance to be calculated on a route other than the shortest or cheapest provided that the journey is actually performed by such route. Where, however, this concession is allowed because the shortest route was impracticable for travelling at the time the journey was performed, the competent authority should obtain and record a certificate from the Collector of the district that no shorter route was practicable than that which was adopted.

Point of commencement and end of journey.

15. The point in any station at which a journey is held to commence or end is the chief public office or such other point as may be fixed for the purpose by a competent authority.

NOTE 1.—When an officer travels from, or to, a place which is the headquarters of a police-station, his journey should, for the purposes of calculating travelling allowance, be held to commence from, or end at, the police-station.

NOTE 2.—The Court-house of the Chief Local Executive Authority should be considered as the point from which a journey is held to commence or at which it is held to end.

Different rates for different classes of journey.

16. Mileage allowance is differently calculated, as shown in the following rules, according as the journey is, or could be, made by railway, by steamer or by road.

Classes of accommodation for which Government servants are considered to be eligible.

17. For the purpose of calculating mileage allowance, Government servants when travelling by railway are considered to be entitled to class accommodation according to the following scale:—

(a) *A Government servant of the first grade.*—Accommodation of the highest class, by whatever name it may be called, provided on the railway by which he travels.

(b) *A Government servant of the second grade.*—Second or, if the line by which he travels provides no second class accommodation on any train, highest class.

(c) *A Government servant of the third grade.*—

(i) If travelling on the Darjeeling-Himalayan Railway, except the Siliguri-Kissenganj extension; third class.

(ii) If travelling on any other railway which provides no intermediate class accommodation on any of the trains which stop at the stations to and from which he is travelling, including the Siliguri-Kissenganj extension;—

(1) where there are two classes only, lower class, and

(2) where there are three classes, second class if his pay is not less than Rs. 50 and third class if it is less than Rs. 50.

(iii) If travelling on any railway which provides intermediate class accommodation on trains which stop at the stations to and from which he is travelling: intermediate class.

(*d*) *A Government servant of the fourth grade.*—The lowest class, whether it be called lower, third or fourth.

NOTE.—The expression "where there are two classes only" in this rule is to be taken as meaning where only two such classes are provided in the general passenger trains of the railway concerned.

Special concessions.

18. A competent authority may, for special reasons which should be recorded, declare any particular Government servant or class of Government servants to be entitled to accommodation of a higher class than that prescribed for his grade in clause (*b*), (*c*) or (*d*) of rule 17.

Rate of mileage allowance.

19. The mileage allowance admissible to a Government servant of the first, second or third grade is double the fare of the class in which he is entitled to accommodation. The mileage allowance admissible to a Government servant of the fourth grade is the fare of the lowest class.

Where the class to which the Government servant is entitled is not provided on the train.

20. If a Government servant of the second or third grade actually travels by a train which does not provide the class of accommodation to which he is entitled under rule 17, he may be allowed to draw the mileage allowance of the next higher class, provided that the controlling officer attaches to his travelling allowance bill a certificate that it was necessary in the public interest that he should travel by that train. This concession does not apply to a Government servant of the third grade whose pay is less than Rs. 50 and who travels on a line which provides intermediate class accommodation on one or more of its trains but not on the particular train on which he travels, if there be third class accommodation on that train. Such a Government servant is restricted to mileage allowance calculated for intermediate class accommodation.

Through booking.

21. When through booking involves the payment, for part of a journey, of rates for accommodation of a class higher than that to which the Government servant concerned is entitled, the Government servant may draw mileage allowance based on the higher rates for that part of the journey.
